### The International Baccalaureate Diploma Programme (IB)

The IB Diploma Programme is a comprehensive and challenging pre- university course that demands the best in motivation and rigor from both students and teachers. This sophisticated two-year curriculum covers a wide range of academic subjects and has stood the test of time for over half a million students in 119 countries since 1968.

The IB Diploma Programme graduates are welcomed by the world's leading universities. Colleges recognize the outstanding qualities of the Diploma Programme students such as :

- The ability to debate over real-world issues from an international perspective
- To provide leadership and support to the local and global community
- A capacity for in-depth study while maintaining a broad perspective of different subject areas
- A positive attitude to learning
- The propensity to ask challenging questions and to develop research skills
- The development of a strong sense of their own identity and culture while also being able to communicate with and understand people from other countries and cultures

Our programme supports every child to become active inquirers and lifelong learners, where by:

- A range of abilities and learning styles are accommodated
- Skilful facilitators take responsibility of empowering students
- Individual needs and wants are adhered to
- Explicit learning outcomes are clearly defined and presented

- Students are encouraged to shape their own knowledge and skill
- Integrating international education is the core of every subject area
- Responsibility and commitment at an early age is emphasized
- Every child is involved, encouraged and motivated to be a part of this successful journey
