

JIRSMUN ONLINE EDITION

The Maiden Edition

Idea behind the Online Edition.

- To honour the skills developed in Jain International Residential School and to fulfil the efforts to be put in to conduct the JIRSMUN 5.0.
 - To give an opportunity to the delegates and a platform to develop diplomatic skills.
 - Considering at the time of pandemic, it provides a great opportunity for both delegates and organisers to get the knowledge about the current situation.
 - It would be a great Opportunity for JIRS in terms of gaining the recognition to develop the students' organising skills, oratory skills and decision making among the students.
 - It is an opportunity to master our skills that we have achieved from the opportunity from conducting and participating in MUNs from the school.
- 

The current trends for Online Model United Nations

- By the time the lockdown started, there was an initiative for organising online based Model United Nations.
 - I have been a part of 5 online based MUNs which are being conducted in next few weeks.
 - Online MUNs have become a source for doing something productive at the time of lockdown and exercising our brains.
- 

*THE MODEL PLAN
