Get There.

We're really proud of our overall student successes, and with good reason. With the best team of educators and facilities in the country, our students regularly punch well on both the national & international scene in all walks of life. Hundreds of students have enrolled into top foreign universities across the globe offering scholarships ranging from $10,000 to $150,000 for a 4 year term and JIRS has also produced a world topper in SAT exam with a score of 2400 / 2400 in Physics, Chemistry and Maths.

"JIRS was definitely instrumental in shaping my career and it was obvious that if I could not have acquired anywhere else. After school, I enrolled for the Bachelor of Science programme in Electrical Engineering from Illinois Institute of Technology that has now taken me places. I even became one of the top performers in the Midwest Cricket Conference."

Satyam Kesarwia
Software Engineer, Rincon LLC, USA

"It was always a dream to become an equestrian champion but I never thought it would give me a great platform to showcase my skills. Today, I can proudly say that I have managed to achieve my dream as I'm going to move to Netherlands to give expertise in my field."

Balaji
Equestrian Champion

"After three years of intensive coaching in Tennis at JIRS, today, I represent the Georgia State University for National Tennis & have been ranked no. 1. I have also secured a 100% sports scholarship in USA for the BBA Programme.

Michal Jajwa
Ace Tennis Player

"I have always been taught to think ahead of time at JIRS and today I have taken up a project on wind energy which will be the next big thing in India. I thank JIRS for helping me up to such great heights and getting me where I am today.

Shivraj Choudhary
CEO, Ghoshawat Energy Private Limited

"This year would be a turning point in my life as I have enrolled at the Northeastern University which is in Boston, Massachusetts for the Marketing programme. This would not have been possible without my teachers, coaches, mentors and other authorities at JIRS."

Keshav Shah
Student, Northeastern University, Boston

"When I started off at JIRS, I seemed destined to be an average student. Little did I know that coming to JIRS would be a turning point in my life. My grades kept growing and four years in JIRS helped me to get into an American University for me.

Undergraduation programme with a scholarship offer of $5000 per annum. This JIRS method of teaching is one of the most promising modules yet developed. It helps students live up to their full potential and achieve what we could not even think of. Whatever I go, I proudly attribute that I was a student of JIRS.

Parth D Shah
Student, Mechanical Engineering Technology Rochester Institute of Technology, Rochester NY

"JIRS was a life changing experience for me. The amount of maturity I have exhibited since I graduated from JIRS, was beyond any expectation of my family or friends. Today, I am a BBA graduate from Singapore, an employee of Standard Chartered Bank and a student member of the Associate of Chartered Certified Accountants (ACCA). I am also going to start my Masters program in Financial Management in the 5th best University in UK, Durham University. Everyday I spent at JIRS has taught me about life, career and relationships.

Anjali Mirpuri
Student, Durham University, UK

16 JIRS for life

Dr. Chenraj Roychand
Founder Chairman, JGI Group

Welcome to Jain International Residential School! As a residential school, we firmly believe that education should be for life, not just for a living. Education should serve to not only develop one’s intelligence and skills, but also help broaden one’s outlook and make a person useful to society and the world at large. An invigorating value-based learning experience which incorporates the concept of Multiple Intelligences awaits our students at JIRS. They also learn about cultures, customs and religions of other people in order to appreciate the universal oneness and human values that are essential for the development of character. These are consistently put into practice to develop self-discipline and self-confidence necessary to promote the fulfillment of their potential. They are also led towards the development of a healthy attitude and values needed for personal, family, community, national and world harmony.

Likewise, sports and extra-curricular activities are a distinctive feature at JIRS. They can also be fun, but they also offer benefits and lessons that carry over into all aspects of life. According to researchers, children who participate in organized sports and extra-curricular activities do better in school, have better interpersonal skills, are more team oriented, and generally healthier. I hope to have the opportunity to welcome you and your child to JIRS in future.

Wg. Cdr K L Ganesh Sharma (Retd.)
Chief Executive Officer
Jain International Residential School

Choosing a residential school to suit your son or daughter is an onerous task. I hope this prospectus will give you a flavour of the quality of education available at Jain International Residential School to help make your decision a little easier.

At JIRS, we see the purpose of schooling to be more than simply teaching the subject curriculum. We all learn best when we are happy and valued. Hence, we make sure no one goes unnoticed in our active and vibrant community. Our staff and students work together to achieve academic and all-round excellence.

Our school is focused on raising the aspirations and expectations of all our students. We have excellent enrichment programmes and at any one time we could have students climbing a mountain, performing in a concert, competing in a match, designing a battery powered car or visiting an art gallery! We want them to be fully aware of their immense potential and have the confidence to achieve it as they grow.

JIRS develops young people into compassionate, future leaders and as I said at the beginning, every picture tells a story. The faces of our students show how they feel about our school - I feel the same way too.

I invite you to join me in building a ‘can do’ future for your son or daughter.
Theory of Multiple Intelligence

Our schools and culture focus most of their attention on linguistic and logical intelligence. However, Dr. Howard Gardner, the founder of the theory of multiple intelligence says that we should also place equal attention on individuals who show gifts in the other types of intelligence like the artists, architects, musicians, naturalists, designers, dancers, therapists, entrepreneurs and others who enrich the world in which we live. The multiple intelligence approach proposes a major transformation in the way our schools are run. Teachers are trained to present their lessons in a wide variety of ways using music, cooperative learning, art activities, roleplay, multimedia, field trips, inner reflection, and much more, so that each child has the opportunity to learn in ways harmonious with their unique minds. At JIRS, our assessments are based on Howard Gardner’s Multiple Intelligence theory.

According to Howard Gardner, all human beings have several types of intelligence that can be nurtured. They are depicted in the wheel that follows:

1. Linguistic Intelligence - We developed verbal skills and showing interest in reading books or solving puzzles.
2. Logical Intelligence - Ability to conceptualize and decipher patterns, codes and logical patterns.
3. Naturalist Intelligence - Showing keen interest on nature and outdoor activities.
4. Spatial Intelligence - Ability to think creatively and visualize more accurately and abstractly.
5. Kinaesthetic Intelligence - Ability to participate actively in sports and handle objects skillfully.
6. Musical Intelligence - Ability to produce and appreciate rhythm and music.
7. Inter-personal Intelligence - Capacity to detect and respond appropriately to the moods, motivations and desires of others.
8. Intra-personal Intelligence - Capacity to be self-aware and in tune with inner feelings, values, beliefs and thinking processes.

How is Multiple Intelligence (MI) theory different?

- Trivial view of intelligence says people are born with a fixed amount of intelligence while MI theory says human beings have many types of intelligence and each person has a unique combination, or profile.
- Trivial view of intelligence says intelligence level does not change over a lifetime while MI theory says we can all improve each of the intelligence. Though some people will improve more readily in one intelligence area than in others.
- Trivial view of intelligence says Intelligence consists of ability in logic and language while MI theory says there are many more types of intelligence which reflect different ways of interacting with the world.
- In trival practice, teachers teach the same material to everyone while MI theory implies that teachers teach and assess differently based on an individual’s intellectual strengths and weaknesses.

We at JIRS strive to adopt the concept of multiple intelligence to assess students’ abilities. Our teachers structure the learning activities around an issue or question and connect subjects. They develop strategies that allow students to demonstrate multiple ways of understanding and valuing their uniqueness. By incorporating this multiple intelligence theory, we have seen significant progress in each child.
JIRS is a co-educational, residential school with an enrollment of more than 750 students from Grade 4 - 12. The school extends three rigorous curricular options - CBSE (Central Board of Secondary Examination), CIE (Cambridge International Examination) and International Baccalaureate Diploma Programme (IB Diploma). Our classrooms are nurturing and thoughtful and always pulse with multiple conceptions.

Schooling Levels

The Exploratory Years (Grade 4 - 7)

We believe that young children are powerful learners who bring their own ideas and interpretations of their experiences to their learning. With their natural curiosity and developing communication skills, they are eager to inquire about the world around them.

At JIRS children join a community of learners in which each will have a place to belong and a way to contribute in his or her own individual way. Each child has a unique pattern of growth and development. Our educators are responsive to individual differences in ability and interest. A range of levels of development, learning style and intelligence among children are expected and are also used to design experiences for learning. Integrated lessons are included in every lesson plan to imbibe moral values along with curriculum.

The Expanding Horizon Years (Grade 8 - 12)

The JIRS “Expanding Horizons Years” programme addresses each student’s varied levels of emotional, physical, and intellectual development. Subjects are integrated to create authentic experiences for students while providing rigorous training for future success. Our curriculum enables students to establish links between the topics, themselves, and the “real world”.

As students at this stage often become deeply engaged with special interests and pursuits, they will have new opportunities to share their growing skills and understanding. Students in the “Expanding Horizons Years” are able to discuss their growth & develop leadership qualities. A strong emphasis is placed on developing an understanding of strengths, areas of growth and building confidence.

We believe that this is a time of self-exploration, self-discovery and understanding of ‘who I am and who I can be’.

CBSE Curriculum

CBSE is one of India’s premier educational bodies offering qualifications in nearly 9000 schools in over 21 countries around the world. The examinations are held yearly. Key examinations under CBSE include AISSE (All India Secondary School Examination) & AISSCE (All Senior School Certificate Examination).

Continuous and Comprehensive Evaluation - CCE

CBSE has now introduced CCE, to reduce the academic burden on students for all classes. The CBSE Principal & teachers have been trained by CBSE on CCE. CCE is a process to provide holistic profile of students through regular assessment of scholastic and co-scholastic domains of development. This scheme makes evaluation an integral part of teaching-learning process. It also focuses on the overall development of the personality of students. The CCE scheme brings about a paradigm shift from examination to effective pedagogy.

The CCE scheme basically reduces the anxiety & stress which often builds up if the students are assessed only once through one-shot examination at the end of year. It will result in higher levels of learning due to timely diagnosis of learning gaps and remedial interventions. The CCE scheme will shift a student’s focus from need for learning to love for learning.

Cambridge Curriculum

University of Cambridge International Examinations (CIE) is the world's largest provider of international qualifications for 5 to 19 year olds. Key stages under CIE include the Cambridge Lower Secondary Programme, the Cambridge IGCSE and the Cambridge International A’ Level. CIE provides a broad study programme across a wide range of subject areas. With a choice of core and extended papers in most subjects, the CIE is suitable for students with different levels of ability. Universities and employers worldwide recognize Cambridge qualifications.

Cambridge Lower Secondary Programme for Grade 7

The school offers the Cambridge Lower Secondary Programme for Grade 7. The subjects offered are as follows:
- 1st Language - English
- 2nd Language - Hindi
- Foreign Language - French
- Core Subjects - Maths, Physics, Chemistry, Biology, Development Studies, Information Technology, Art and Design

Cambridge IGCSE Integrated Curriculum for Grade 8 - 10

The International General Certificate of Secondary Education (IGCSE) is recognized by universities and institutes of higher education around the world. It is equivalent in standard to the British GCE O level examinations. The curriculum consists of a three year programme of study leading to an examination which is taken at the end of Grade 10.

The Cambridge IGCSE provides a foundation for higher level programmes, including A and AS levels and AICE Diploma. There are five subject grounds in IGCSE with several subjects to choose from, in each group viz., Languages, Humanities and Social Sciences, Sciences, Mathematics, Creative, Technical & Vocational. In addition, the prestigious International Certificate of Education (ICE) is awarded to some IGCSE students who attempt and complete seven or more papers.

Ranked No.1 in South India & Karnataka and Ranked No. 3 among top boarding schools in India by Go Getter Magazine
This programme provides broad knowledge and develops creative thinking, application orientation for the concepts learned and enquiry into every aspect of the learning. Good IGCSE grades count towards entry to top universities and colleges around the world. Study and examination at IGCSE provide a broad knowledge base and learning skills that provide excellent preparation for higher studies and employment.

**International Certificate of Education (ICE)**

The ICE is more prestigious than the standard IGCSE. Instead of the five papers needed to obtain the IGCSE, if a student attempts and passes seven or more papers, he/she is awarded the ICE. The seven subjects must be as follows:

- Two subjects from the language group
- One from each of the other four groups
- One more from any of the five groups

### Subjects
- 1st Language
- 2nd Language
- Foreign Language

**Cambridge International ‘A’ level Integrated Curriculum for Grade 11 & 12**

‘A’ level examination is equivalent to grade 12 examination and is recognized by any board in India and hence the students can appear for any of the competitive examinations. ‘A’ level is a two year programme after grade 10 conducted by the University of Cambridge, UK.

The following subjects are offered to prepare the students for ‘A’ level examination. A number of 5 subjects must be selected.

### Science Stream
- English
- Hindi
- French
- Maths, Physics, Chemistry, Biology, Information Technology, Art & Design

### Management Stream
- English
- Hindi
- French
- Maths, Accounts, Business Studies, Economics, Information Technology, Art & Design
International Baccalaureate Diploma Programme (IB Diploma)

The IB Diploma Programme is a comprehensive and challenging pre-university course that demands the best in motivation and rigor from both students and teachers. This sophisticated two year curriculum covers a wide range of academic subjects and has stood the test of time for over half a million students in 147 countries since 1968.

The structure of the DP is different from other courses, because the programme reflects the educational practices of other countries. For example, students take a wider range of subjects, some of these are studied in depth, preparing students for the University courses.

Subject Areas
Students normally opt for three subjects at a Standard Level (minimum 150 hours of teaching) and three at a Higher Level (minimum 240 hours of teaching).

There are six groups of subjects in IB Diploma Programme and students at Jain International Residential School must pick one from each group. These are:

Group 1 - Languages A - Language and Literature (option 1);
Language (option 2)
- English, Hindi

Group 2 - Language B
- English, French, Hindi and French ab initio

Group 3 - Individuals and Societies
- Economics, Business and Management, Information Technology in a Global Society, Environmental Systems & Societies (Inter-disciplinary subject)

Group 4 - Experimental Sciences
- Biology, Chemistry, Physics, Computer Science and Environmental Systems & Societies (Inter-disciplinary subject)

Group 5 - Mathematics
- Mathematics, Mathematical Studies

Group 6
Visual Art or a second subject from Groups 3 or 4

All students must perform satisfactorily in all chosen subjects and must complete the requirements of three core components, viz, EE, TOK and CAS

- An Extended Essay (EF) of 4000 words, which provides the students a first-hand experience of independent research. The focus of the essay must relate to one of the student's academic subjects in the IB Diploma Programme
- A course entitled Theory of Knowledge (TOK), explores the relationships among various disciplines, and ensures that students engage in critical reflection and analyse the knowledge acquired within and beyond the classroom
- Participation in Creativity Action Service (CAS) activities, creates opportunities for service and enhances inter-personal and communication skills of the students.

At Jain International Residential School we offer two options:

Option 1: Students can choose one subject from each group or select the sixth subject from Groups 3 or 4 instead of Group 6.

Option 2: Students can select one subject each from Groups 1, 2 and 3, three subjects from Group 4 and Mathematics from Group 5. This enables them to take up professional courses like Engineering / Medical for admission to universities in India and some universities abroad. Students taking the second option will do 7 subjects in all.

Assessment
Various methods of assessment are used, such as coursework, practical work and orals. Written examinations are conducted at the end of the two years, and coursework makes up 20 - 30% of the final score. Performance is measured against standards that are used worldwide. Students are given a grade from 1 (min) to 7 (max) for each subject they are examined in. To pass the Diploma, they need a minimum of 24 (the maximum is 42) - Subject to satisfaction of all other qualifying conditions. It is possible to earn an additional three diploma points for superior work on extended essay & TOK course.

There are over 3,400 trained IB OAs examiners across the world, who assess the work of 40,000 students a year. Eighty per cent of students who attempt the DP course are awarded with DP qualification.

University Recognition
All the premier universities in the world and in India recognizes the IB programme. This means they will grant university entrance based on the student’s performance in the IB examinations.

For further information on University recognition please refer: http://www.ibo.org/diploma/recognition/directory/index.cfm
At JIRS we have had the privilege to recognize and celebrate many different cultures for a decade now. In doing so, we develop students who are international-minded citizens with an understanding of their responsibility to the world.
Get more from JIRS

Start a Hobby

To the positive mind set created by the academic curriculum and sports, an added boost is provided through fun-filled hobby classes. All students are encouraged to pursue and develop their talent, may it be in Classical Dance, Vocal Music, Table, Sitar, Painting, Drawing, Sculpture, Clay Modeling, Wire Frame Models, Western & Indian Percussion.

Join National Cadet Corps

JIRS has 11 division cadets, 4 junior wing cadets. They are imparted training in range firing and micro flying. Regular activities like parade, health run, lecture classes, campus tidiness, weapon training classes, games and cultural activities are also conducted.

Appreciate World Cultures

JIRS encourages the student community to learn more about other cultures through various events during the school year. Our school has a wonderful mixture of diverse cultures and backgrounds that provides both students, and their families with many exciting ways to grow and learn.

Become a part of Associations

The student association, headed by the faculty, organizes all scholastic activities for the students. The Hisronics Club, Painters Gallery, Ramam’s Team, Curiosity Corner, Adventure Club (Sahab), Hobby Club and Eco Club are entirely student driven.

Gold and silver stars are awarded to selected students on the basis of talent and merit. Students selected as ‘Stars of the Week’ spend five days as orators and speakers, which in turn enhances their confidence level.

Boost your Science Skills

JIRS provides year round opportunities for students to explore science with the science club. Every month, members participate in an activity, project or volunteer for an activity related to science. At the end of each year, a science exhibition is held where students exhibit their imagination at their best.

Days Out

Excursions and field trips to places of historical importance, cultural richness and religious significance are organized every year. Materials collected during these trips are shared with others in the form of presentations.

Take a Journey within

Aarti, bhajan, yoga, meditation and an overall influence of Indian spirituality provide the much needed food for the soul. Human values, strength of character and virtuous conduct are assimilated by students just as a sapling would soak up warm sunlight.

Learn from Events & Celebrations

We celebrate various festivals of our culture. Every care is taken to provide joyous and festive moods to various celebrations like Raksha Bandhan, Independence Day, Ganesha Chaturthi, Onam, Krishna Janmashtami, Ramzan, Teacher’s Day, Children’s Day, Christmas, New Year and Pongal. The climaxes are

universal brotherhood and unity in diversity. Religion is not differentist. It is a unifying cord, a reason for celebration.

Enjoy the Dorm Nights

Dorm Nights are celebrated in the amphitheatre of the boys and girls dorms. Students exhibit their talent in monologues, acting, singing, dancing, acting etc. The dorm nights are organised by the students themselves under the guidance of matrons / wardens. Thus they learn to take up responsibility of organising events in a disciplined and orderly manner.

Develop Community Spirit

Community Outreach Programme is an off campus programme conducted for the students to help understand the local community and provide a learning experience that engage and reflect their ideas.

Think Green

JIRS offers many exciting activities to encourage & develop a spirit of adventure. The activities are carefully devised to discover the powers of determination & sensitize young minds to appreciate the beauty & power of nature. The wilderness provides great opportunities to learn basic skills like communication, leadership, crisis management & team building in a conducive & challenging environment. ‘Nature is the Best Teacher’ - on a nature trail, one can observe many forms of life flora & fauna and learn a lot more by sheer observation. A flight of ducks can teach ‘Synergy’, an autumn tree can teach ‘perseverance’, flowing water can teach ‘transparency’, ants can teach ‘learn work’ & a weaverbird can teach ‘precision’.

Dream to Study in a top notch university abroad?

Students aiming at furthering their education abroad and those preparing for competitive exams are provided adequate training and support. SAT coaching will be provided & each student’s programme will be individualised so that they see only questions best suited for their current levels of ability. For technocrats & scientists of the future, JIRS offers competitive IIT - JEE coaching by experienced trainers through a joint collaboration with a leading professional IIT - JEE coaching centre. This facility is extended to Grades XI & XII.

Reinforcement Classes

We at JIRS believe that every child possesses special intelligence, which he/she exhibits in either academics or sports or co-curricular activities. Every child in the school is given additional help in academics under the supervision of a teacher as part of reinforcement classes.

The Duke of Edinburgh Award

The Duke of Edinburgh Award is the highest leadership award in the world for young people. Join International Residential School spearheads towards the most prestigious, world class award “The Duke of Edinburgh Award”. We are proud to announce that we are the only school to be able to train 25 awardees and send them for the Gold Level. The youth programme offers to add quality to the young. Students need to earn an award with perseverance and enterprise by completing 12 hrs to 18 hrs of service, learning skills and sports for physical fitness. The most exciting section is the adventure and expedition, which has begun to roll and has taken off in a big way.
A broad education cannot be confined within the walls of a classroom. Our excellence in academic study is complemented by an extensive range of sports sessions & extra-curricular activities in order to involve students and channelize their energy & enterprise.

**Sports**

Students are encouraged to choose from an extensive range of games including Athletics, Basketball, Badminton, Cricket, Table Tennis, Tennis, Football, Volleyball, Hockey, Cue Sports, Squash, Swimming, Chess, Camm, Equestrian, Karate, and Bowling Alley. The programme caters to highly experienced athletes, as well as to novice players.

- Professional sports training is imparted to all students of the school under the guidance of qualified and experienced national & international coaches.
- All students are exposed to various activities along with their regular game and have a repertoire of events to recreate themselves.
- Periodical interaction is arranged with world-class achievers so that the students benefit with the experience and guidance of these sportspersons.
- Constant & continuous monitoring of the students’ progress will be shared with the parents through online profile updates.
- Physical fitness is given utmost importance and highly qualified fitness experts are in charge of the gymnasium & cardio-fitness centre.
- Regular trekking expeditions, yoga & meditation are conducted for all the students on sundays and holidays.
- Parade practices are conducted for all students once a week to establish leadership qualities.
- Swimming is an essential and mandatory part of the school curriculum for all students. Every student is given specialized training under qualified coaches once a week.
- Students compete at State / National / International tournaments in various sporting disciplines.
- Excellent performers and achievers in each sporting discipline are honoured and awarded on the Annual Sports Day.
- Association with some of the leading sports organizations & apex bodies are established to strengthen play & performance.

**Sports Affiliations**

- Karnataka State Cricket Association
- Karnataka State Badminton Association
- Karnataka State Table Tennis Association
- Karnataka Billiards Association
- Karnataka State Football Association
- Karnataka Basketball Association
- Karnataka Swimming Association
- Karnataka Athletic Association
- Karnataka Olympic Association
- Billiards Federation of India
- Table Tennis Federation of India
- Mittal Champions Trust

The strong tradition of excellence in JIRS academic programme carries over to the playing fields, where JIRS teams are league contenders, and often champions, year after year.

**Annual Sports Day**

Inter-house sports competitions are held in every sporting discipline. Students are grouped into 4 houses. Competitions are held for sub-junior, junior, and super-senior categories separately for boys and girls. The competition culminates into the annual sports day. The house system is encouraged to develop competitive spirit and fair play and leadership qualities emerge from such competitions. All students are encouraged to participate in various competitions held throughout the year. This system ensures that no student is left without an opportunity for participation. Medals and certificates for various events and shields and certificates for team events are awarded. These are given special training in the morning between 05:45 hrs and 08:30 hrs under the special supervision of resident coaches.

**Awards and Honours**

The school identifies excellent performers in each discipline with the best sportsman award and honours them during the annual sports day. To encourage budding talents, promising player in each discipline is awarded with trophies. Individual champion in each category in the annual sports meet is awarded with a trophy.
Our Educators

At Boarding

Age-appropriate care embraces traditional family values and dorm parents provide round-the-clock guidance and support. Each dorm is warm and friendly with every child feeling valued; and at home in a physically and spiritually charged environment.

Our commitment to co-education ensures that boys and girls learn to work together and respect each other. Children are far away from their home and tremendously miss the unconditional love of their parents. Our dorm parents bridge this gap by being a foster parent in the true sense and with great patience and love guide them and give them a home away from home.

In the Classroom

An optimum student strength of not more than 25 ensures that the faculty is able to focus adequate time and attention on their students. Teachers work closely with students in the classroom and one-on-one in small groups outside the classroom, to support their English language needs in listening, speaking, reading, and writing. In addition to having an outstanding experience and qualifications, our educators contribute to the overall learning environment to build bright futures.

So... What’s the secret of our teaching success? At JIRS, there always exists a promise and possibility in our energy and care, and warmth in our encouragement. These qualities are essential for successful teaching and learning! Students’ progress is continuously monitored in scholastic and non-scholastic areas and a comprehensive report is posted online at the end of every milestone test and exam for parents’ reference.

Each teacher plays the role of a ‘mentor’ and takes on responsibility of grooming it children in his/her fold. Apart from academic faculty, JIRS brings the expertise of trained counsellors to help students in personal, academic and career guidance. Guest lectures also figure prominently on the programme schedule. They are picked from a variety of backgrounds ranging from successful businessmen to inspiring leaders and motivational speakers. Regular career counseling is also provided to the students.

On the Sports Field

JIRS has assembled the finest National and International coaching and instructional staff who possess an immense experience in their individual sports. It is the country’s premier school for sports development, research and education, JIRS has an unparalleled record of sporting excellence and is affiliated to the many national and international associations that have helped its students achieve great heights in the sporting field.

The school has a special system of monitoring each child’s progress in sports by meticulously recording and monitoring his/her progress in chosen sport. Our coaches are skilled in presenting the challenging sport in ways that make it easier for students to adapt the techniques effectively.

Our esteemed panel of coaches include:

Brad Murphy - Cricket Coach
Coaching Director of Australian Sports Gateway Academy

Enrico Piperno - Tennis Coach
Former Indian Davis Cup Player

G K Vishwanath - Table Tennis Coach
Former National Doubles Table Tennis Champion

Greg Brown - Football Coach
ASIA ‘A’ License, Australian National License, Australian Senior License Instructor

JD Waish - Basketball Coach
American Basketball Hoops Guru and Founder of JD Basketball School, New York

Kyoshi Praveen Ranka - Martial Arts Expert
International Referee & Founder Chairman of the Martial Arts Trust

Mukhtar Srivastava - Squash Coach
National Squash Player

Peter Tamachi - Tennis Coach
Singles & Doubles ATP Champions Winner & Consultant to TAP (Targeted Athlete Programme) for Tennis New South Wales and Tennis Australia

Pradeep Kumar - Swimming Coach
Coach of Indian Swimming Team

Ranjit Namjoshi - Golf Trainer
Indian Golfer

Scott Grimshaw - Football Coach
UEFA B License, Australian State License, Australian Senior License Instructor

Srinivas - Billiards Coach
Former Player & Secretary of Kamataka Billiards Association

V Venkatram - Cricket Coach
Coach of the National Cricket Academy
‘Care at boarding’ is about partnership & positive education, knowing when to speak, when to listen & encouraging resilience & hope. Whether your child needs special care and facilities with respect to academics, sports, arts - or all of these, JIRS is the place to be!!!

Great Facilities - Getting better all the time

Library
The library is unrivaled with more than 9000 books, digital media, latest periodicals and journals. We have links with the British Council Library and other major libraries in addition to an easy access facility. An innovative "Library-on-wheels" feature adds imagination to an already stimulating experience. Students are also marked on books presentations.

Laboratories
An area of 25,000 Sq.ft houses the library and laboratories, fulfilling and exceeding requirements of the curriculum, Self-explanatory models and associations with other science laboratories are some of the highlights.

Computer Labs
Computer labs with Internet access are constantly updated with the latest software and hardware. A dedicated VSAT Internet connection, educational materials and supervision by experts are readily available.

Academic Labs
JIRS has well ventilated, spacious and aesthetically designed classrooms, staff rooms and air conditioned AV rooms. All classrooms of 850 Sq.ft each are equipped with e-boards, audio visual learning aids, high-precision projection systems and an individualized seating arrangement.

From educational films and slide shows to live demonstrations and presentations, the vastness of the entire universe can be experienced within the walls of these learning rooms.

Arts & Fine Arts Studio
We believe that students should have extensive exposure to their cultural heritage and should be provided with an opportunity to develop their talents in a creative atmosphere through study of art, music, drama and speech. With this in view, JIRS has constructed the arts and fine arts studio that enables students to find a new meaning of expression in an environment that challenges them to develop their artistic senses.

Dormitories
Each dormitory block accommodates 32 students with 4 students sharing one room with separate dormitories for boys & girls. In addition, it houses a lounge, a game room, a laundry room recreation room and a 24-hour supply of hot water leave no necessity to be desired.

Staff Quarters
The entire fraternity of staff at JIRS resides at the furnished staff quarters. Separate accommodation for housekeeping staff is also provided.

Hygienic refectory
JIRS has a sterile vegetarian hygienic refectory with specialist chefs catering to nutritional needs of the students. Students are served with a bewitching assortment of dishes - Pan Indian, Chinese, Italian, Mexican & other Continental cuisines.

Spiritual Centre
The magnificent spiritual centre satisfies the spiritual needs of students from all walks of life.

Vasu Maha Ganapathi Temple
The campus has a temple of Vasu Maha Ganapathi built in Cholas style. The temple complex is built over an area 5,400 Sq.ft, facing East, It has 4 Garthka Gudha and the main idol is Pancha Mukhi Ganapathi. Since the temple has 8 Ganapathis, the temple is named as "Vasu Maha Ganapathi" temple.

To add to this spend, the construction of Sai Baba Mandir and Jain Temple are also in full swing.

Health Centre
Health Centre comprises of well qualified doctors & nurses along with consultation room, minor OT, ICU and separate male and female wards with equipped pathology lab and dental clinic.

Laundry Services
Laundry services including steam washing, drying and pressing in sanitized conditions are extended to the students and members of staff.

Safety & Security
A reliable security system with professional security personnel, a completely fenced campus, 24/7 duty guard and watch dogs are in place to safeguard the sprawling campus.

Softener Plant and Reverse Osmosis Plant
Softener Plant and Reverse Osmosis Plant helps in providing safe and non contaminated water to the residents on campus.

Uninterrupted power supply
With a total captive power of 1790 KVA, the residents enjoy a 24 hour uninterrupted power supply.

Communication & Connectivity
Phone facilities and internet connectivity are provided to enable effective communication possibilities for our students. These state-of-art facilities are installed to keep up the line of communication live, stable and constant between our students and their parents.

Munchies - The JIRS Café
Once a week students visit Munchies - The JIRS Café, to enjoy various delicacies along with music and TV programmes for an hour. The students unwind with movie shows during weekends that are carefully selected by the film committee.

Introducing weekly boarding facility exclusively for students from Bangalore and surrounding areas.
Sports Facilities

Indoor Stadium ‘SPRINTOOR’

JIRS has a 25 crore multipurpose indoor stadium ‘SPRINTOOR’ with seating capacity of 2,000 people. This sporting complex with wooden flooring has 4 badminton courts, volleyball courts, basketball courts, 2 squash courts, table tennis hall, 4 lane bowling alley, billiards, yoga, jacuzzi steam, sauna, media room, VIP rooms and dormitories.

Table Tennis & Badminton Hall

JIRS has an exclusive Table Tennis and Badminton Hall with 16 tables and 4 badminton courts with wooden flooring.

Aquatic Complex

JIRS provides top class training venue ‘AQUA’ for swimmers to realize their potentials to the fullest. The 'AQUA', state-of-art aquatic complex comprises a 25 mt, 08 lane short course swimming pool a 50 mt, 10 lane competition pool with water-polo facilities and a separate diving pool with standard fixed and spring diving boards, enabling it to host any international swimming competition including water polo, diving and synchronized swimming.

Cricket Field

The 2 lakh sq ft lush green 'OMAL' is a well-designed international standard cricket ground with 5 strips of turf wicket in the centre, is fit enough to host any International or National cricket tournament. The ground has played host to a number of important matches that include NCA tournament, MRF tournament, U-19 Ghulam Ahmed Trophy & Asia Cup U-17.

Tennis Courts

Excellent tennis Court facilities that include 4 padel-cushion courts and one clay court are available to all tennis aspirants. Eminent coaches and trainers are called upon to train our students.

Basketball and Volleyball

Throughout the world, basketball and volleyball are two hugely popular games. To encourage our students’ interests in these games, JIRS has built to perfection, seven volleyball & seven basketball courts with exclusive lighting facilities.

Hockey

JIRS has natural turf hockey and football grounds which are extensively used for training and competing by the enthusiasts.

Multi-Gym

The Multi-Gym at JIRS has some of the best & the latest equipments for maintaining the right body kinaesthetic.

Athletic Arena

JIRS has an IAAF 08 lane 400 mt synthetic tracks & field facility for the hugely popular athletic games.

Golf Course

The 06 hole golf course is one the first and exclusive for any educational institution in the country. Students pride their time in this truly serene landscaped setting, training under professional coaches.

Take a quick look at our visitors diary!

"It was wonderful visiting such a fine setup. The sense of discipline and orderliness was a very welcome change. My congratulations to the executive, administrative & teaching staff for such wonderful standards."

Air Cmde Ravi Dhair VSM AOC
Air Force Station, Bangalore

"An institution clearly dedicated to the timeless idea of liberal education - very impressive!"

Prof. George Sansbury
La Trobe University, Melbourne, Australia

"I am really honoured to have been invited to such a sprawling and beautiful school situated in the lap of the nature. The children are articulate and well groomed. I wish all the best to students, staff and the managing committee to keep progressing higher & higher by leaps & bounds and touch the sky with glory."

Wg. Cdr S K Sharma

"An integral part of the JIRS philosophy is the development of the whole person and an intention to nurture in every student a love for learning, a strong sense of self esteem, personal integrity and a respectful, caring attitude towards others. Jain International Residential School - a kind of oasis in the countryside summaries of an impressive and astounding number of facilities for students to play sports and to learn. The staff at JIRS is very receptive to the importance of teaching social and emotional skills to children."

Mrs. Yvette Vignando
Emotional Intelligence, Australia

"A wonderful welcome to a top-class sporting and academic institution. Way to go JIRS!"

Prof. Andrew Turnbull
Senior Lecturer, Aberdeen Business School

"JIRS possess a wonderful campus with superb buildings andfacilities. The staff cares greatly for the well-being of the students and saw an all-round view of education."

Mr. Vincent Richley
CIE Inspector, Cambridge University, UK

"The institution is par excellence in all spheres that is required of an educational institution. With so much emphasis on sports, this institution will provide an Olympian and other stalwarts in various fields."

Col. B G Cariappa

"A par excellence institute which is built on team work and its wonderful vision and mission.

Dr. Subhash Arora
NAET Assessor

"Fabulous place for learning with vision, values, thirst for knowledge and a spirit of scientific enquiry. Would love to be a student here again & do better than the best. The country needs institutions like JIRS. Heartiest congratulations for a job well done at all levels of hierarchy."

Dr. N.P. Jain
Former Secretary, Ministry of External Affairs
Former Ambassador to Nepal European Union
U N, Mexico & Belgium

"With such an amazing student culture & opportunity JIRS is sure to bring an Olympic medal to our country."

Ms. Premila Aiyyapp
International Athlete
