“Yes, and how many times must the cannon balls fly, Before they're forever banned?”

-Bob Dylan

For the past few decades, weapons are proving to be mightier than words and in the need of hour to sustain global peace, a committee was established in 1945 called the Disarmament and Security Committee, or the First Committee of the United Nations General Assembly, which deals with global challenges and threat to peace, considering all disarmament and international security matters within the scope of the Charter. It seeks out solutions against the challenges that affect the international security regime. The committee is established to ensure mutual survival and safety, which includes military actions and diplomatic agreements such as treaties and conventions.
SOCHUM

“All human beings are born free and equal in dignity and rights, they are endowed with reasons and concise and should act towards one another in a spirit of brotherhood”

-UN Charter

With millions of years of evolution, humans have been the most superior and dominant species, but that doesn’t give them right to dominate other weaker people in their own species and to protect the all-embracing humanity a committee was established. SOCHUM or the Third Committee of the General Assembly focuses on a range of social, humanitarian affairs and human rights issues that affect people all over the world. It deals with an examination of human rights questions, including reports of special procedures of the Human Rights Council which was established in 2006. This Committee discusses questions relating to issues of weaker sections of society. It also addresses important social development questions.
“Drugs is just a crutch for people who can’t handle reality”  

-Robin Williams

Drugs and criminal activities have affected many people’s lives and are continuing to do so. This has also led to loss of many lives. Keeping this caustic effect in mind, United Nations established the United Nations Office on Drugs and Crime. UNODC is a global leader in the fight against illicit drugs and international crime. UNODC is mandated to assist Member States in their struggle against illicit drugs, crime and terrorism. In the Millennium Declaration, Member States also resolved to intensify efforts to fight transnational crime in all its dimensions, to redouble the efforts to implement the commitment to counter the world drug problem and to take concerted action against international terrorism.
“In a time of domestic crisis, men of goodwill and generosity should be able to unite regardless of party or politics.”

- John F. Kennedy

The Continuous Crisis Committee is a place where heads of state meet during a crisis to find possible solutions to it. Delegates have to consider all aspects of their decisions such as financial, logistical, diplomatic and security. Delegates get a special opportunity of making decisions spontaneously and build new foreign policy. Crisis committees alter this dynamic and allow delegates to react to a changing situation. Periodic crisis updates and uses of portfolio powers allow delegates in a crisis committee to have a more realistic experience of trying to alleviate a global crisis.
“There is no ‘Plan B’ because we do not have a ‘Planet B.’ We have to work and galvanize our action.”

- Ban Ki Moon

UNDP works in about 170 countries and territories, helping to achieve the eradication of poverty, and the reduction of inequalities and exclusion. World leaders of the UNDP adopted the policy to end poverty, protect the planet and ensure that all people enjoy peace and prosperity. UNDP help countries to develop policies, leadership skills, partnering abilities, institutional capabilities and build resilience in order to sustain development results. It is working to strengthen new frameworks for development, disaster risk reduction and climate change. They support countries' efforts to achieve the Sustainable Development Goals, or Global Goals.
The heart and soul of good writing is research; you should write not what you know but what you can find out about.

-Robert J. Sawyer

The Influence media holds in today’s world gives them the power to shape our thoughts and ideologies, judge and unveil the truth. a power that nobody dares to misuse. to govern this, came into action the International Press Corps. The journalists belonging to this committee have the power of pen and they use it to bring us the ultimate truth tearing through the web of lies, masked faces, stereotypes and superstitions. And that is the goal of this committee.
“International summits and organisations like WTO take decisions, which will bind us, and if we are not present in such summits, we may be hurt by the decisions taken.”

-Narendra Modi

The World Trade Organization (WTO) is the only global international organization dealing with the rules of trade between nations. At its heart are the WTO agreements, negotiated and signed by the bulk of the world’s trading nations and ratified in their parliaments. The goal is to ensure that trade flows as smoothly, predictably and freely as possible. The WTO has many roles: it operates a global system of trade rules, it acts as a forum for negotiating trade agreements, it settles trade disputes between its members and it supports the needs of developing countries. The primary purpose of the WTO is to open trade for the benefit of all.
As we all know this MUNiverse is all too twisted, MUNique and turns our imagination wild, so this year a specialized committee has been added to our list of committees; Special Fictional Committee: All India Party Meet.

India has been known for its diversity throughout the world and the immediate consequences of this stress and tensions between people belonging to different races, religions, caste, gender, language, ideologies and nevertheless sexuality. So, a committee has been made to protect our mantra of “Unity in Diversity” and build the nation as a whole unit. The All India Party Meet is dedicated to protects its nation, resolve its internal conflicts and sustain India’s own mantra.

After all, this was what Martin Luther King Jr. once said:

“To other countries, I may go as a tourist, but to India, I come as a pilgrim.”
