Message from the Founder Chairman

A warm welcome to Jain International Residential School - our premier global institution

The world is changing swiftly. To stay ahead, we have got to be prepared to learn and adapt. The matters that will be thrown at us may not presently be considered problems. The technologies we will depend on may still need to be developed. Many of the professions may not even currently exist. These are the challenges. These are the opportunities. The 21st century signifies the information age. The transition from the industrial age to the information age heralds explicit challenges in the area of education and learning. To meet the 21st century global needs, we at Jain International Residential School (JIRS) aim to inspire excellence, cultivate character, and empower engagement locally and globally among the students.

With 20 years of history, JIRS is recognized as one of India's leading international residential schools. The number of international schools in the city is growing and so choosing the right school has never been more crucial. JIRS still holds the mantle of being the only fully-residential co-educational school offering CBSE, Cambridge International and International Baccalaureate curriculums in the city.

I believe education is the necessary precondition of national development. One thing that can be offered students only at the school level, is to prepare them for very strong value systems which will give them the confidence to become professionals when they arrive University. We encourage our students to learn and imbibe life skills and qualities they need to possess to become successful global citizens. Each year we see them grow in confidence, attaining outstanding academic results and establishing international networks that will last for a lifetime. I warmly welcome you to the JIRS family!

Dr. Chenraj Roychand

Message from the Chief Executive Officer

No matter how many people believe in you or not, you must be the ultimate believer in yourself

Today as a parent you are extremely conscious for the tremendous development of your child, maybe mirroring your own reflections as business Tycoons and certainly aspiring much higher levels for your children than what you have experienced in life. Choosing a residential school to suit your son or daughter is an onerous task. I hope this prospectus will give you a flavor of the quality of education available at Jain International Residential School to help you make the right decision for your child.

At JIRS, we see the purpose of schooling to be more than simply teaching the subject curriculum. We all learn best when we are happy and valued. Hence, we make sure no one goes unnoticed in our active and vibrant community. Our staff and students work together to achieve academic and all round excellence. Our school is focused on raising the aspirations and expectations of all our students. We have excellent enrichment programs and at any one time we could have students climbing a mountain, performing in a concert, competing in a match, designing a battery-powered car or visiting an art gallery! We want them to be fully aware of their enormous potential and have the confidence to lead any circumstances as they grow. We are here to open doors and support your child's choices while giving them the freedom and resources to chase their dream career at a welcoming atmosphere.

I invite you to join me in building a 'can do' future for your son or daughter.

Wg. Cdr. K L Ganesh Sharma (Retd.)

JIRS - In a Nutshell

- Co-educational Fully Residential School
- Lead: A Foundation School for Leadership, Entrepreneurship and Enduring Values
- Our Ranking and Recognition
- Our Achievements
- Experience the Difference
- Theory of Multiple Intelligence

An American-European style of educational approach having

STRONG INDIAN VALUES

Co-educational Fully Residential School

Jain International Residential School is a renowned co-educational fully residential school with an American-European style of educational approach having very strong Indian values. JIRS offers students a prudently balanced eco-friendly environment blending traditional Gurukul architecture with contemporary international design. The school's basic foundation rests on six pillars - Attitude, Academics, Personality Development, Emotional Quotient / Mental Health, Physical Health / Sports, and Internationalism. More than 750 enthusiastic students hailing from countries like India, Thailand, Korea, Germany, Nepal, Africa, UAE have chosen their pathway to education at JIRS.

Highly qualified and affectionate faculty with a positive approach towards critical thinking and an incessant urge to research on various subjects and methodologies, mentor students from Grade IV to XII in CBSE, Cambridge and IB Diploma curricula. They provide a sympathetic ear, exceptional care and ongoing support to the students. Jain Academy of Sporting Excellence, an in-house sporting academy emphasizes development of life skills through sports. The

school has functional and sustainable sports facilities with international standards. Thirty-six national and international coaches nurture the budding talents that want to excel in the sporting arena.

The school imbibes entrepreneurial and leadership qualities among the students to mould themselves to adapt easily to the changing environment by conducting various life skills and personality development programs. JIRS provides an engaging schedule of 14 - 15 hours that integrates academics, sports, co-curricular activities, life skills and soft skills training, cultural and outreach activities with an emphasis on inculcating leadership and entrepreneurship qualities.

JIRS alumni have emerged as leaders in diverse areas with a global perspective. From handling family business to pursuing higher studies at renowned universities, from high-profile careers in the corporate world to excelling in the sports field, JIRS alumni are the embodiments success.

 **Lead:**
**A Foundation school
for Leadership,
Entrepreneurship
and Enduring Values**

At JIRS, we believe the right mindset leads to the right skills. Our rigorous academic approach encourages original thinking of the students, challenges their competencies, and shapes them into confident and conscious citizens. The dedicated and highly qualified educators comfort the residential students by actively engaging with them round the clock.

'Lead' is the eternal mantra that is recited in the minds of every JIRS member. The interactive classrooms, creative art classes, sportive games period, soothing spiritual spell, and the empowering public service initiatives together enhance the ability of each student to think, act and lead the change for a better tomorrow. Whether it is IB students discovering the nuance of silhouette created when a person or object blocks the rays of light from reaching a surface through shadow photography workshop or the seventh grade students learning the survival practices of people in the lowest temperatures of West Sikkim during their Duke of Edinburgh leadership program, we make sure that they are engaged, enthralled, and enabled with essential adroitness. Through this applied learning, they are well-endowed not only to ace the competitive examinations of the most sorted universities in the world but also to take up the million-dollar worth family business with great dedication.

For our students, leadership means

achievements along our journey

Experience the Difference

What makes JIRS the right choice for you?

JIRS education focuses on providing you with not just subject knowledge, but the practical skills and opportunities to prosper in future careers. You don't come to JIRS to learn the answers to an examination paper. Your education is learning how to ask questions, how to quest for the answers, and how to effectively bring it all to life in your career.

“MENTORING PHILOSOPHY - A 360° approach towards unlocking a child's potential.”

- A unique structured, planned, documented (journal) approach towards developing 21st century skills (analysis, creativity, mental resilience etc.)
- Each child is assessed at the beginning of the academic year on the basis of attitude, academics, leadership skills, emotional quotient, physical fitness, extra-curricular activities, and internationalism
- The child's strengths and weaknesses are identified, goals are set and a plan is prepared based on the child's psychometric test
- A mentor and a co-mentor offer guidance, support and encouragement aimed at developing the character and competence of the child

Personalized Experience

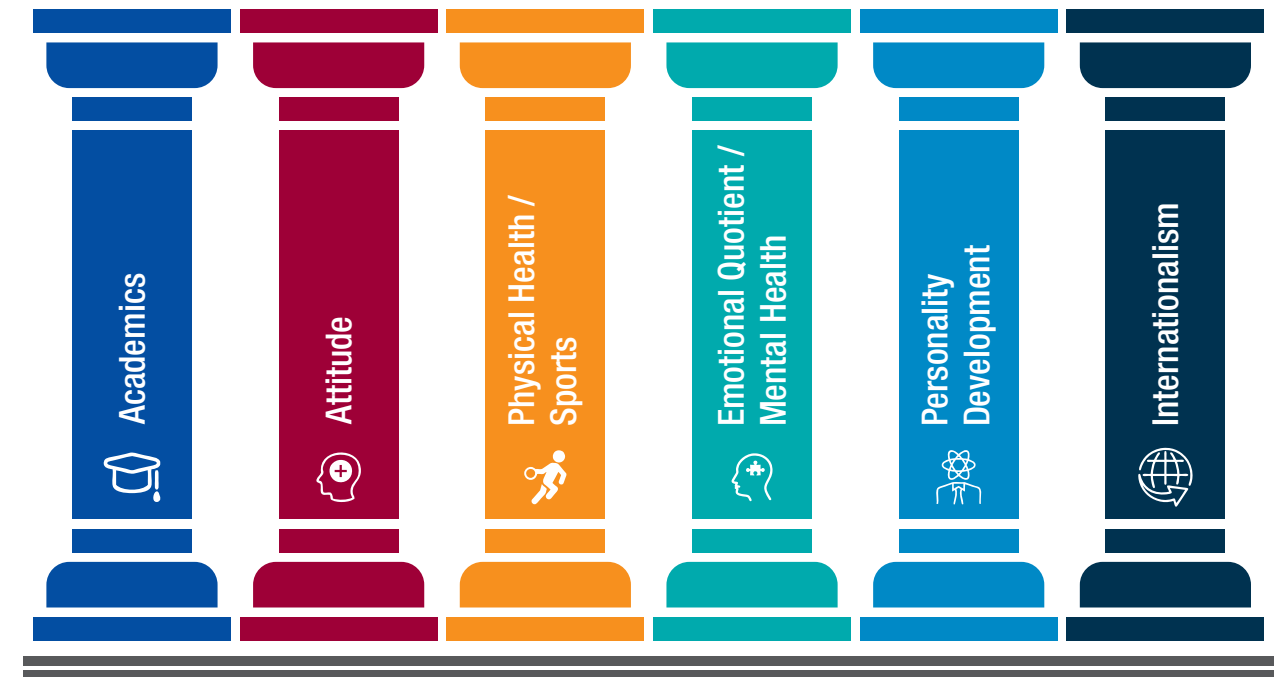

Personalized experience at JIRS starts with exceptional access to our educators having the brightest minds in the field. They are here to teach, inspire, and challenge you to greatness. As mentioned earlier, you will be given the freedom and flexibility to tailor your experience, follow your heart (passion) and realize where it takes you. That's why Education Today has ranked JIRS #1 for pastoral care. JIRS students are happy students.

Hands-on Learning

Practical experiences are integrated into every class at JIRS. With outstanding learning resources and strong academic partnerships, you will get the opportunity to advance real-world experiences through practical classes, projects, and field trips and student exchange programs. This means you will graduate with the 21st century skills that employers want, and with the confidence to flourish outside the classroom.

Our Basic Foundation Module

Academics

Academic results of JIRS are among the best in India with Grade XII ranking at a steady 99 to 100 pass percentage. Arduous training is extended from the well-trained educators at regular intervals.

Attitude

If the attitude is molded in the right path, it becomes easy to connect with the people. At JIRS, nurturing attitude takes place informally through kindness.

Physical Health / Sports

Jain International Residential School is one of the foremost educational institutions in India with a truly advanced training schema in sports and fitness. International and national competitiveness in all sports is encouraged and facilitated at JIRS.

Emotional Quotient / Mental Health

JIRS focuses on developing and strengthening Intelligence Quotient (IQ) - 'Capability', Emotional Quotient (EQ) - 'Will' and Spiritual Quotient (SQ) - 'Purpose' among the students by initiating diverse events and activities.

Personality Development

Aimed at developing students into wholesome and holistic personalities, the Personality Development programs incorporate intensive training and workshops by professional trainers.

Internationalism

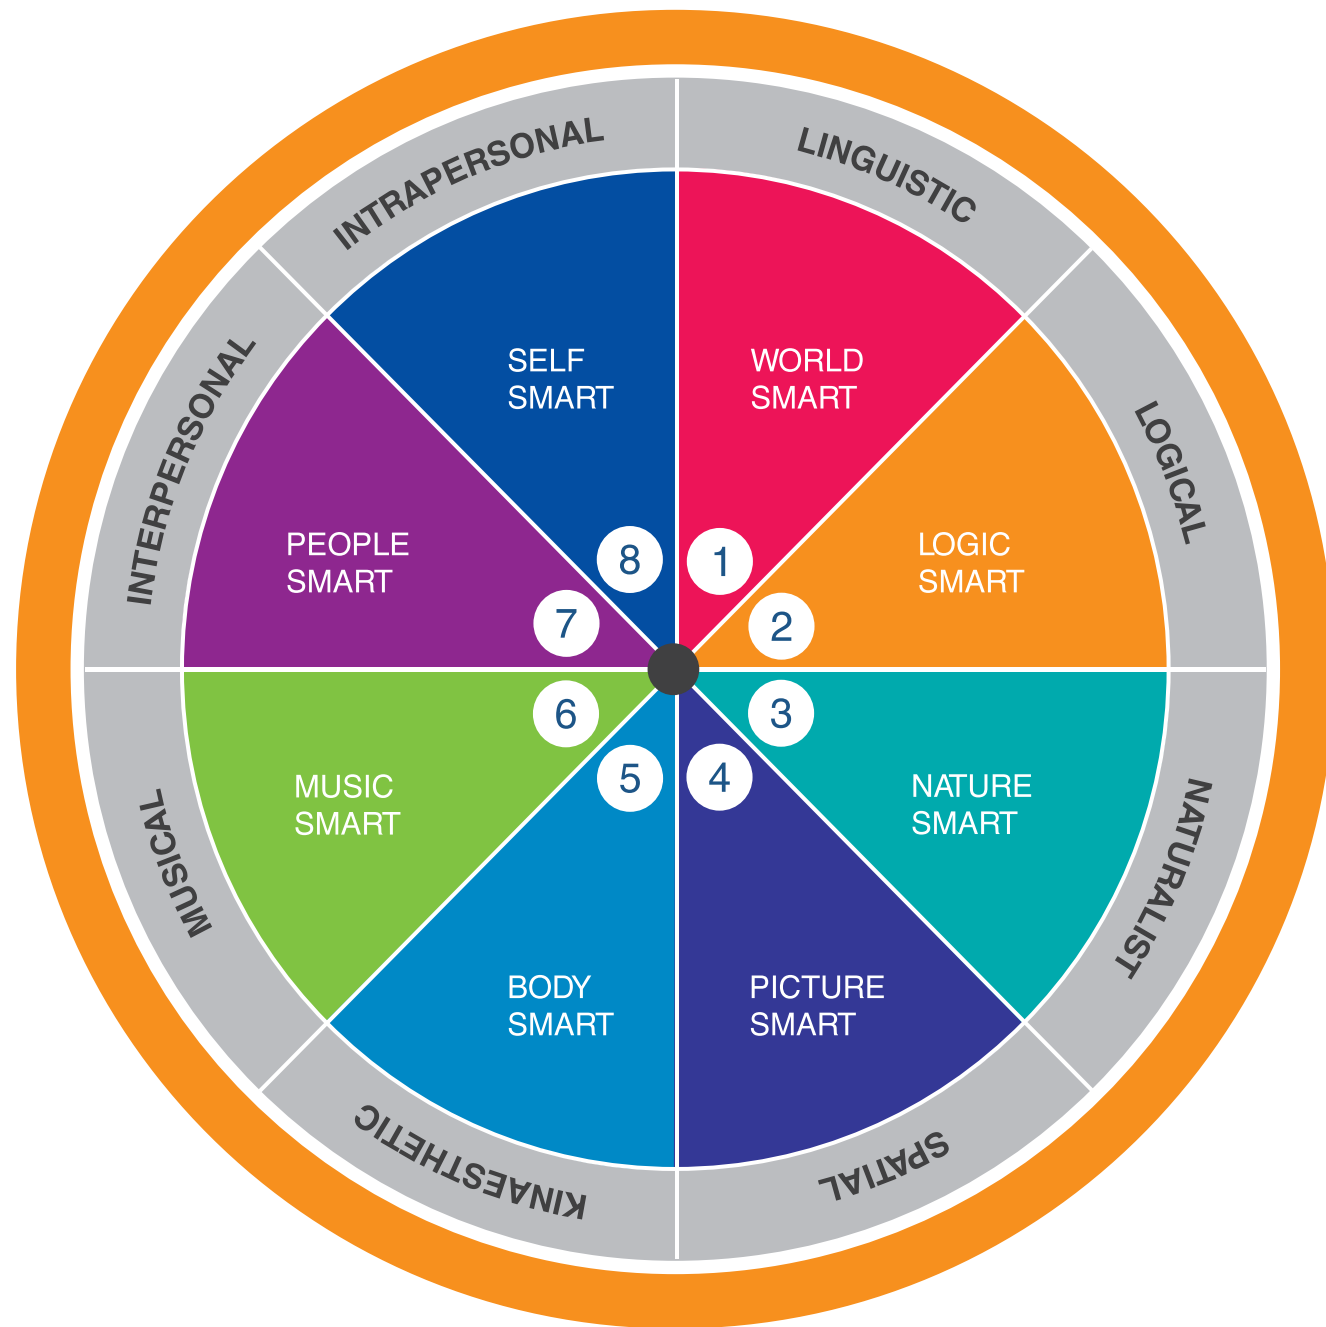

As we live in a global community, it is therefore imperative that the school prepares students to be responsible and proactive members of it. JIRS has risen to the challenge of transforming students into global citizens who are informed, concerned, reasonable and, compassionate.

Theory of Multiple Intelligence

Our schools and culture focus most of their attention on linguistic and logical intelligence. However, Dr. Howard Gardner, the founder of the theory of multiple intelligence says that we should also place equal attention on individuals gifted in the other types of intelligence like the artists, architects, musicians, naturalists, designers, dancers, therapists, entrepreneurs and others who enrich the world in which we live. The multiple intelligence approach proposes a major transformation in the way our schools are run. Teachers are trained to present their lessons in a wide variety of ways using music, cooperative

learning, art activities, roleplay, multimedia, field trips, inner reflection and much more, so that each child has the opportunity to learn in ways that are harmonious with their unique minds. At JIRS, our assessments are based on Howard Gardner's Multiple Intelligence theory.

According to Howard Gardner, all human beings have several types of intelligence that can be nurtured. They are depicted in the wheel that follows:

1 Linguistic Intelligence - Well-developed verbal skills and expressing interest in reading books or solving puzzles.

5 Kinesthetic Intelligence - Ability to participate actively in sports and handle objects skillfully.

2 Logical Intelligence - Ability to conceptualize and decipher patterns, codes, and logical patterns.

6 Musical Intelligence - Ability to produce and appreciate rhythm and music.

3 Naturalist Intelligence - Showing keen interest on nature and outdoor activities.

7 Inter-personal Intelligence - Capacity to detect and respond appropriately to the moods, motivations, and desires of others.

4 Spatial Intelligence - Ability to think creatively and visualize more accurately and abstractly.

8 Intra-personal Intelligence - Capacity to be self-aware and in tune with the inner feelings, values, beliefs and thinking processes.

How is Multiple Intelligence (MI) theory different?

- Traditional view of intelligence states that people are born with a fixed amount of intelligence while MI theory says human beings have many types of intelligence and each person has a unique combination or profile
- Traditional view of intelligence says intelligence level does not change over a lifetime while MI theory says we can all improve each of the intelligence. Though some people will improve more readily in one intelligence area than in others
- Traditional view of intelligence says Intelligence consists of ability in logic and language while MI theory says there are many more types of intelligence which reflect different ways of interacting with the world
- In traditional practice, teachers teach the same material to everyone while MI theory implies that teachers teach and assess differently based on individual's intellectual strengths and weaknesses

We at JIRS, strive to adapt the concept of multiple intelligence to assess students' abilities. Our teachers structure the learning activities around an issue or question and connect subjects. They develop strategies that allow students to demonstrate multiple ways of understanding and valuing their uniqueness. By incorporating this multiple intelligence theory, we have seen significant progress in each child.

Academics - Study Choice

- Central Board of Secondary Education (CBSE) Curriculum
- Cambridge International Curriculum
- International Baccalaureate® Diploma Curriculum

Central Board of Secondary Education (CBSE) Curriculum

Central Board of Secondary Education (CBSE) is one of India's premier educational bodies offering qualifications in nearly 20,519 schools in over 25 countries (as on 17-07-2018) around the world. The examinations are held yearly. Key examinations under CBSE include AISSE (All India Secondary School Examination) and AISSCE (All India Senior School Certificate Examination).

The CBSE curriculum is designed with a multi-dimensional child-centric approach, which is both interactive and realistic. The curriculum, both in terms of content and methodology is 21st century relevant and meets the highest learning standards. Comprising a dynamic and colorful potpourri of academics, sports, fine arts, performing arts etc., the curriculum is aimed at developing creativity and exposing children to varied educational experiences preparing them to face the future challenges of globalized economy.

The Exploratory Years (Grade 4 - 7)

We believe that young children are powerful learners who bring their own ideas and interpretations of their experiences to their learning. With their natural curiosity and developing communication skills, they are eager to inquire about the world around them.

At JIRS, children join a community of learners in which each will have a place to belong and a way to contribute in his or her own individual way. Each child has a unique pattern of growth and development. Our educators are responsive to individual

differences in ability and interest. A range of levels of development, learning styles and intelligence among children are expected and are also used to design experiences for learning. Integrated lessons are included in every lesson plan for the children to imbibe moral values along with the curriculum.

The Expanding Horizons (Grade 8 - 12)

The JIRS "Expanding Horizons Years" program addresses each student's varied levels of emotional, physical, and

intellectual development. Subjects are integrated to create authentic experiences for students while providing vigorous training for future success. Our curriculum enables students to establish links between the topics, themselves, and the "real world".

As students at this stage often become deeply engaged with special interests and pursuits, they will have new opportunities

to share their growing skills and understanding. Students in the "Expanding Horizons Years" are able to discuss their growth and develop leadership qualities. A strong emphasis is placed on developing an understanding of strengths, areas of growth and building confidence.

We believe that this is the time of self-exploration, self-discovery and understanding of 'who I am and who I can be'.

Cambridge International Curriculum

Cambridge International is the world's largest provider of international qualifications for the children of 5 to 19 years of age. The Cambridge International program promotes responsibility, encourage students to be responsive to and respectful to the needs of others. It prepares students for life, helping them develop an informed curiosity and a lasting passion for learning. Key stages under Cambridge International include the Cambridge Lower Secondary Program, the Cambridge IGCSE and the Cambridge International 'A' Level program. Cambridge International provides a broad study program across a wide range of subject areas. With a choice of core and extended papers in most subjects, the Cambridge International is suitable for students with different levels of ability. It builds skills in creative thinking, enquiry and problem-solving, giving learners excellent preparation for further study. Universities and employers worldwide recognize Cambridge qualifications.

Why do Admissions Officers rate Cambridge so highly?

Cambridge qualifications have been highly ranked by the world's top universities, including Yale and Harvard in a recent survey conducted by Cambridge International

Cambridge Lower Secondary Program

Cambridge Lower Secondary develops skills and understanding of English, mathematics, and science during the first three years of secondary education. It is an amalgamation of world-class curriculum, high-quality support for teachers and integrated assessment.

- 1st Language - English
- 2nd Language - Hindi
- Foreign Language - French
- Core Subjects - Maths, Physics, Chemistry, Biology, Information Technology, Art and Design, Environmental Management

Cambridge Upper Secondary

The International General Certificate of Secondary Education (IGCSE) is recognized by universities and institutes of higher education around the world. It is equivalent in standard to the British GCE 'O' level examination. The curriculum consists of a three-year program of study leading to an examination which is taken at the end of Grade 10.

The Cambridge IGCSE provides a foundation for higher level programs, including A and AS levels and AICE Diploma. There are five subject groups in IGCSE with several subjects to choose from in each group viz., Languages, Humanities and Social Sciences, Sciences, Mathematics, Creative, and professional. In addition, the prestigious International Certificate of Education (ICE) is awarded to some IGCSE students who attempt and complete seven or more papers chosen from all the five groups.

This program provides broad knowledge and develops creative thinking, application orientation for the concepts learned and enquiry into every aspect of the learning. Good IGCSE grades count towards entry to top universities and colleges around the world. Study and examination at IGCSE provides a broad knowledge base and learning skills that offer excellent preparation for higher studies and employment.

International Certificate of Education (ICE)

ICE is more prestigious than the standard IGCSE. Instead of attempting five papers to obtain IGCSE, if a student attempts and passes seven or more papers, he / she is awarded the ICE. The seven subjects must be as follows:

- Two subjects from the language group
- One from each of the other four groups
- One more from any of the five groups

Subjects

- 1st Language
- 2nd Language
- Foreign Language
- Core Subjects

As and 'A' level (Grade 11 and 12)

'A' level examination is equivalent to grade 12 examination and is recognized by any board in India and hence the students can appear for any of the competitive examinations. 'A' level is a two-year program after grade 10 conducted by the University of Cambridge, UK.

The following subjects are offered to prepare the students for 'A' level examination.

Science Stream

- English
- Mathematics, Physics, Chemistry, Biology
- Art and Design
- Global Perspectives

Management Stream

- English
- Mathematics, Accounting, Economics
- Law, Information Technology
- Art and Design
- Global Perspectives

Assessment

Assessment has two important roles:

- to prove what a student has learnt
- to improve a student's understanding and skills

Good assessment lies at the heart of a good education. Cambridge assessments are designed to be fair, valid, reliable and practicable, so that every Cambridge exam provides a true picture of a student's ability, wherever and whenever the exam is taken. This means Cambridge assessments have real, lasting value and can be a lifelong passport to further study or employment.

Globally valued qualifications

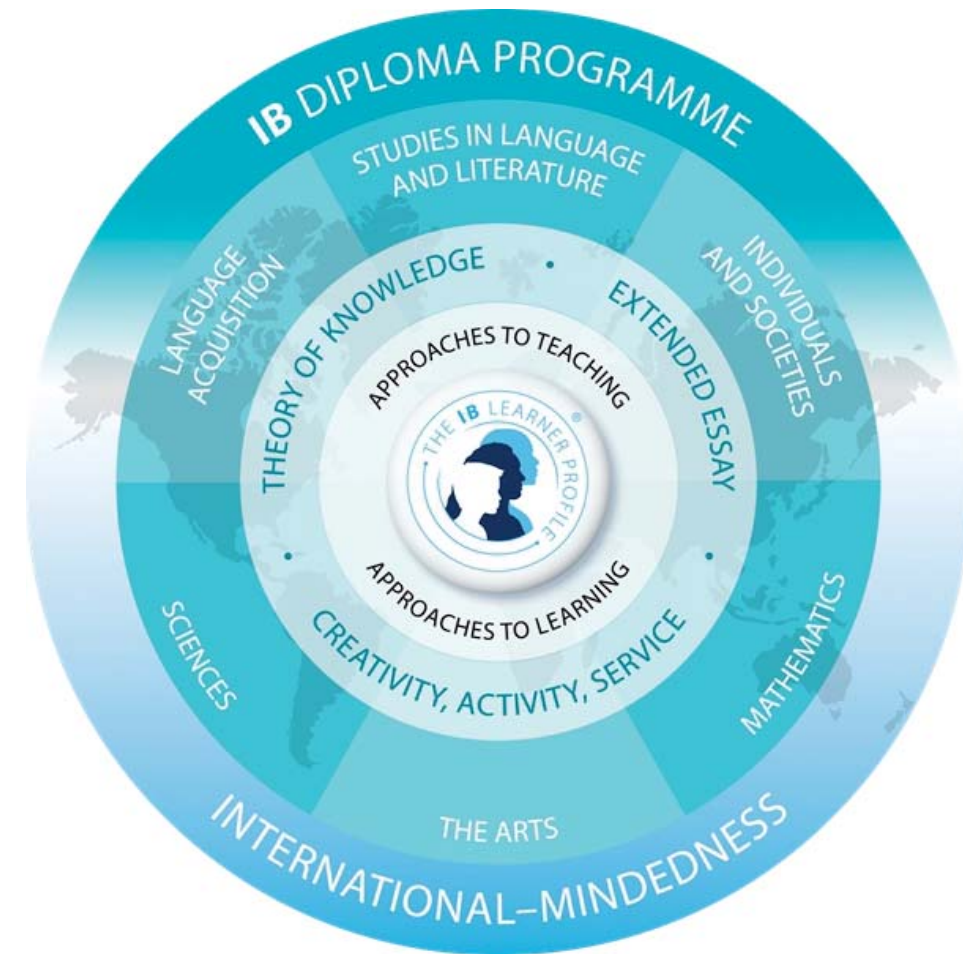

Over 1,400 universities worldwide recognize Cambridge qualifications. A Cambridge qualification comes with an impressive reputation, and Universities and employers recognize Cambridge qualifications as evidence of academic achievement. They understand that the demand of Cambridge curricula and the rigour of its assessments give students what they need to flourish in higher education.

International Baccalaureate Diploma Curriculum

The IB Diploma Program is an academically challenging and balanced program of education, with final examinations that prepares students aged 16 to 19 for success at university and in the life beyond. It has been designed to address the intellectual, social, emotional, and physical well-being of students.

The program has gained recognition and respect from the world's leading universities. The structure of the Diploma Program is different from other courses, because it reflects the educational practices of other countries. For example, students take a wider range of subjects, some of these are studied in-depth, preparing students for the University courses.

The Diploma Program core

The extended essay (EE) requires students to engage in independent research through an in-depth study of a question relating to one of the DP subjects they are studying. The world studies EE option allows students to focus on a topic of global significance, which they examine through the lens of at least two DP subjects.

Theory of Knowledge (TOK) develops a coherent approach to learning that unifies the academic disciplines. In this course on critical thinking, students inquire into the nature of knowing and deepen their understanding of knowledge as a human construction.

Creativity, activity, service (CAS) emphasizes helping students to develop their own identities in accordance with the ethical principles embodied in the IB mission statement and the IB learner profile. CAS complements a challenging academic program in a holistic way, providing opportunities for self-determination, collaboration, accomplishment and enjoyment. It involves students in a range of activities alongside their academic studies throughout the DP. The three strands of CAS are creativity (exploring and extending ideas leading to an original or interpretive product or performance), activity (physical exertion contributing to a healthy lifestyle) and service (collaborative and reciprocal engagement with the community in response to an authentic need).

Approaches to Learning (ATL)

- ATL are deliberate strategies, skills and attitudes that permeate the IB teaching and learning environment
- ATL supports the IB belief that a large influence on a student's education is not only what you learn but also how you learn

The Curriculum

Diploma Program students must choose one course from each of five subject groups delivering a breadth of knowledge and understanding in language and literature, individuals and societies, the sciences and mathematics.

Furthermore, students must also choose either an arts course from the arts group or a second course from one of the other subject groups. DP courses can be taken at higher level (HL) or standard level (SL). At least three, and not more than four, are taken at HL (240 teaching hours), while the remaining courses are taken at SL (150 teaching hours). SL courses ensure students are exposed to a range of disciplines that they might otherwise opt out of, and HL courses allow students to spend more time with subjects they are more interested in by exploring options in addition to the SL core curriculum. In this sense, all DP courses, regardless of whether they are SL or HL, are integral to the program. Students can study and take

examinations in English at JIRS, French or Spanish. Two courses are classified as interdisciplinary, meaning that they satisfy the requirements of more than one subject group.

Literature and performance (studies in language and literature subject group and the arts subject group)

Environmental systems and societies (individuals and societies subject group and sciences subject group)

In addition to disciplinary and interdisciplinary study, the DP features three core elements that broaden students' educational experience and challenge them to apply their knowledge and skills.

Group 1 - Languages A - Language and Literature (option 1); Language (option 2)
English, Hindi

Group 2 - Language B
English, French, Hindi, French ab initio and Spanish ab Initio

Group 3 - Individuals and Societies
Economics, Business and Management, Information Technology in a Global Society, Environmental Systems, Societies (Inter-disciplinary subject) & Psychology

Group 4 - Experimental Sciences
Biology, Chemistry, Physics, Computer Science and Environmental Systems & Societies (inter-disciplinary subject)

Group 5 - Mathematics
Analysis and approach and Application and Interpretation

Group 6
Visual Art or a second subject from Groups 3 or 4. All students must perform satisfactorily in all chosen subjects and must complete the requirements of three core components, viz, EE, TOK and CAS

At Jain International Residential School we offer two options:
Option 1: Students can choose one subject from each group or select the sixth subject from Groups 3 or 4 instead of Group 6.
Option 2: Students can select one subject each from Groups 1, 2 and 3, three subjects from Group 4.

Assessment
Students take written examinations at the end of the program marked by the external IB examiners. Students also complete their assessment tasks at the school which are either initially

marked by teachers and then moderated by external moderators or sent directly to external examiners. The grades awarded for each course range from 1 (lowest) to 7 (highest). Students can also be awarded up to three additional points for their combined results on TOK and the EE. The diploma is awarded to students who gain at least 24 points, subject to certain minimum levels of performance across the whole program and to satisfactory participation in the CAS requirement. The highest total that a DP student can be awarded is 45 points. Assessment is criterion-related, which means student performance is measured against specified assessment criteria based on the aims and objectives of each subject's curriculum, rather than the performance of other students taking the same examinations.

Research
Whether conducted in collaboration with the IB or independently, research generally suggests that an IB education has a positive impact on schools, students and teachers. Research plays a central role in the development, quality assurance and assessment of impact of the IB programs and services. The IB conducts research in two key areas: program impact research, which investigates the implementation and impact of IB programs, and program development research, which supports the development review of all program curriculum and pedagogy. Research conducted both by the IB and external bodies show the Diploma Program curriculum and assessment favorably when compared to other qualifications.

University Recognition
All the premier universities in the world and in India recognize the IB program. This means they will grant university entrance based on the student's performance in the IB examinations.

JIRS Edge

- Dedicated Educators
- Reinforcement Classes
- Integrated Coaching
- Life Skills Program
- Go Global with Our Education Module
- Discover Yourself!
- University Placements

◆ Dedicated Educators

Whether you hail from the Alps of Germany, the Gulfs of Saudi, or a village in the Namib, our 80+ educators who will be available round the clock will take time to get to know your unique background and nature as well as your academic goals.

Through frequent personalized meetings with you, they will help you determine your strengths, interests, and areas for advancement. Falling in love with Environmental Science? Our educators will help you configure a student-designed project or prepare for debating an environmental issue at International platforms. Having trouble in French? He or she will arrange tutoring.

While helping plan and structure your projects, our educators will work with you to take multiple factors into account:

- Graduation requirements
- Goals for university and beyond
- Relevance to host country
- Resources in the region where you will be studying

Each educator plays the role of a 'mentor' and takes on the responsibility of grooming 8 children in his / her fold. Apart from academic faculty, JIRS brings the expertise of trained counselors to help you in personal, academic and career guidance. Guest lectures also figure prominently on the program schedule. They are picked from a variety of backgrounds ranging from successful businessmen to inspiring leaders and motivational speakers.

◆ Reinforcement Classes

We, at JIRS believe that every child possesses special intelligence which he / she exhibits in either academics or sports or co-curricular activities. At JIRS, you will be given additional help in academics under the supervision of a mentor as part of the reinforcement classes.

◆ Integrated Coaching

JIRS facilitates on-campus training by experts enabling you to face competitive exams. We provide individualized SAT coaching so that you will see only the questions best suited for your current levels of ability. For technocrats and scientists of the future, JIRS offers competitive IIT-JEE coaching by experienced trainers through a joint collaboration with a leading professional IIT - JEE coaching center. This facility is extended to Grades 11 and 12. Coaching for CLAT by Career Launcher, SAT by Princeton Review, IIT-JEE & NEET by Byju's Coaching Classes are offered at JIRS. The two hundred faculty members of the school ensure that you get the attention that you require to develop into a responsible citizen who is pioneer in your chosen path.

Life Skills Program

Communication is the most decisive factor in the current day world to succeed in any sphere of life. What one says is secondary as to how one puts it. At Jain International Residential School, a wonderful platform has been set under the aegis of the Life Skills Department to inculcate and develop the soft skills inherent in each student.

In an unpredictable world dominated by corrosive attitudes, lack of positive values and constant change, IQ, EQ, and SQ have become necessities and no longer options. At JIRS, we prepare you for Life; not just successful living. Our program of study has a firm foundation in meaningful life skills accompanied by a wonderful range and breadth of knowledge across curriculums and domains of learning. We believe in helping you to develop into critical thinkers, concerned citizens, empathetic individuals and compassionate in approach. At the Life Skills department, we will train you and make you confident, caring and responsible, through multiple programs of training and experiential learning.

Every week, with the unconditional support of the Mentors, the school organizes LSDP on different topics like product launch, business expo, awareness, core skills, quiz, skits on current situations, role plays etc. for all the students who require help to develop different skills like: focus and self-control, perspective talking, communicating, making connection, critical thinking, taking on challenges, self-direction etc. challenges in an international platform.

“

For our faculty, knowledge means

**AWAKENING
INQUISITIVENESS**

among the students

Go global with our education module

Global Community

JIRS has 25% of its students from 26 countries including foreign nationals and NRI's. The school's partnerships with internationally recognized universities opens up placement opportunities abroad after their graduation. Over 30% of the international curriculum students are placed at noted foreign universities across the world, many with scholarships.

Spread Your Wings

JIRS has a wide range of educational opportunities both locally and abroad.

- Complete a semester or short course overseas, with subjects that contribute towards your course
- Travel to some of the world's most vibrant cities with our educational tour
- Advance your international skills by learning another language as a major or minor part of your program

Internationally Recognized

JIRS offers Cambridge International and International Baccalaureate Diploma programs to provide a global education perspective. It has also received International certification from UKAS for meeting ISO 9001:2008 standards.

Exchange Programs

JIRS has tied-up with Kalinda Primary School, Melbourne, Australia and CJD International School, Braunschweig, Germany, University of Oklahoma for student and faculty exchange programs. While JIRS students are out exploring and learning, international students come here to join our JIRS family in India, making our residential campus a global community of their own.

Harvard Model Congress (HMC)

Harvard Model Congress is the largest congressional simulation for high school students. At HMC, students get an opportunity to experience American government firsthand by assuming the roles of world leaders and international decision-makers and address some of the world's most pressing challenges in an international platform.

The Duke of Edinburgh Award

The Duke of Edinburgh's International Award is the world's leading youth achievement award, bringing together practical experiences and life skills to equip young people for life. JIRS has been offered the award as a part of its co-curricular activity program. This program enables you to attend and participate in the adventure expedition to the Himalayas, where you will learn team work and leadership building.

You need to earn an award with perseverance and enterprise by completing 12 to 18 hours of service, learning skills, and sports for physical fitness. The most exciting section is the adventure and expedition, which has taken off in a big way. Trekking, mountaineering, rappelling, tent pitching, river rafting, building bridges will bring about unlimited zest and zeal amongst you to qualify and graduate with the award. Till today, JIRS has given 113 students to grab the opportunity to enroll themselves for this program which includes 50 Bronze Awardees and 63 Silver Awardees.

Model United Nations

Model United Nations has gained a significant importance in Jain International Residential School today. It is an educational simulation and academic competition in which you will learn about diplomacy, international relations and the United Nations. The students of Grade 11 and 12 organize MUNs in the school encouraging their juniors to learn and understand the global issues around the world.

We have promoted the growth of children and women in this world. However, even today countries are ineffective of providing even with human rights. UN Human Rights Council dealt with these agendas with an aim to come to a conclusion and help improve the status of human rights for women and children in the world. The teenagers and the youth have been manipulated and encouraged to take drugs. Alarmed by these instances around the globe, the World Health Organization (WHO) was called upon to establish a framework for the usage of drugs and related health affairs to spread awareness for the betterment of the future world.

MUN has provided a forum for collaboration of new ideas and solutions with respect to a nation and the set agenda with a motive to spread the ideas of the historic era and the modern world.

Discover yourself!

Coming to JIRS doesn't mean you won't get to travel and see the world. JIRS exposes children to the world environment by organizing educational trips to renowned historic places every year! Whether it is discovering the scientific revolutions at NASA convention center or learning the artistic aesthetics at the chambers of wonder of Swarovski Crystal Museum at Austria, educational tours are a great way for our students and

educators to absorb, interact and to grasp theory practically.

As part of the educational tours, you will also be exposed to valuable life skills, such as language proficiency, tolerance, cultural training, adaptability and communication. You will grow in self-confidence and become more independent.

“

“We could visually see planets, galaxies, sun, and moon with a stellarium software and also learnt how to program a robot in the enriching robotics camp. Now I think about a profession as a science person”

- Varun Dholwani, Student

University Placements

Dream to study in a top notch university abroad?

If you are aiming at furthering your education abroad, the school provides many career counselling sessions by top universities across the world to help you get placed in reputed foreign universities from across the globe with excellent scholarships.

- Asia - 30 students
- Europe - 72 students
- United States of America - 44 students
- Australia - 8 students

State-of-the-art Facilities

Learning Resource Center

The library is unrivalled with more than 20,000 books, digital media, latest periodicals and journals. We have links with the British Council Library and other major libraries in addition to an easy access facility. An innovative "Library-on-wheels" feature adds imagination to an already stimulating experience. You will be also marked on book presentations.

Laboratories

An area of 25,000 sq. ft. houses the library and laboratories, fulfilling and exceeding requirements of the curriculum. Self-explanatory models and associations with other science laboratories are some of the highlights.

Computer Labs

Computer labs with Internet access are constantly updated with the latest software and hardware. A dedicated VSAT internet connection, educational materials and supervision by experts are readily available.

Academic Labs

We have well-ventilated, spacious and aesthetically designed classrooms, staff rooms and air-conditioned AV rooms. All

classrooms of 850 sq. ft. each are equipped with e-boards, audio-visual learning aids, high-precision projection systems and an individualized seating arrangement.

From educational films and slide shows to live demonstrations and presentations, the vastness of the entire universe can be experienced within the walls of these learning rooms.

Arts & Fine Arts Studio

We believe that you should have extensive exposure to your cultural heritage and should be provided with an opportunity to develop your talents in a creative atmosphere through study of art, music, drama and speech. With this in view, we have constructed the arts and fine arts studio that enables you to find a new meaning of expression in an environment that challenges you to develop your artistic senses.

Staff Quarters

The entire fraternity of staff at JIRS resides at the furnished staff quarters. Separate accommodation for housekeeping staff is also provided.

Hygienic refectory

JIRS has a sterile vegetarian hygienic refectory with specialist chefs catering to the nutritional needs of the students. You will

be served with a bewildering assortment of dishes - Pan Indian, Chinese, Italian, Mexican & other Continental cuisines.

Spiritual Center

The magnificent spiritual center satisfies the spiritual needs of students from all walks of life. At JIRS, we have Sri Dutta Sai Spiritual Center, Vasu Maha Ganapathi Temple, Bhakta Hanuman Temple and Jain Temple.

Health Center

Health Center comprises of well-qualified doctors & nurses along with consultation rooms, minor OT, ICU and separate male and female wards with an equipped pathology lab and dental clinic.

Laundry Services

Laundry services including steam washing, drying and pressing in sanitized conditions are extended to you and members of staff.

Safety & Security

A reliable security system with professional security personnel, a completely fenced campus, 24/7 duty guard and watch dogs are in place to safeguard the sprawling campus.

Softener Plant and Reverse Osmosis Plant

The Softener Plant and the Reverse Osmosis Plant help in providing safe and non-contaminated water to the residents on the campus.

Uninterrupted power supply

With a total captive power of 1,760 KVA, the residents enjoy a 24-hour uninterrupted power supply.

Communication & Connectivity

Phone facilities and internet connectivity are provided to enable effective communication possibilities for our students. These state-of-the-art facilities are installed to keep up the line of communication live, stable and constant between you and your parents.

Munchies - The JIRS Café

Once a week you may visit Munchies - The JIRS Cafe, to enjoy various delicacies along with music and TV programs for an hour. You will unwind with movie shows during weekends that are carefully selected by the film committee.

Sports and Fitness

- Life lessons from sports
- Sports Discipline
- Annual Sports Day
- Inter School Tournament
- Award and Honors
- Sports Amenities

- Regular trekking expeditions, yoga and meditation are conducted
- Parade practices are conducted to establish leadership qualities
- Swimming is an essential and mandatory part of the school curriculum. You will be given specialized training under qualified coaches once a week and passing a basic swimming test is mandatory
- You compete at State / National / International tournaments in various sporting disciplines
- Excellent performers and achievers in each sporting discipline are honored and awarded on the Annual Sports Day

Annual Sports Day

Inter-house sports competitions are held in every sporting discipline. You will be grouped into 4 houses. Competitions are held for sub-junior, junior, senior and super-senior categories separately for boys and girls. The competition culminates into the annual sports day. The 'house' system is encouraged to develop competitive spirit and fair play and leadership qualities emerge from such competitions. This system ensures that no student is left without an opportunity for participation. Medals and certificates for various events and shields and certificates for team events are awarded. The house that secures the maximum number of points emerges as the champion house and is awarded the overall championship trophy.

are conducted in all the games for students in age categories under 12, 14, 16 and 19. Individuals and school teams participating in tournaments under various categories are given special training in the morning between 06:00 hrs and 08:00 hrs under the special supervision of resident coaches & again from 03:00 to 05:00 hrs in the evening.

Awards and Honors

Rated Best in Sports Education in India out of 1000+ schools, surveyed by the ranking agencies of Education World and Education Today. The Academy has held an ISO Certification since 2013.

The JASE football academy has been accredited by the All India Football Federation (AIFF) with a 2 Star Rating.

The JASE Tennis Academy accredited by the All India Tennis Association (AITA) with a 2 Star Rating.

JIRS coaches are regularly selected by Karnataka State Association to work with their state teams.

Inter-school Tournament

The school selects students on the basis of their merit to participate in the National / State / District / Zonal sports tournaments in various sports disciplines. Selection proceedings

Life lessons from sports

Sports is essential to the individual's social and cultural development. At JIRS, we imbibe the long-term values of sports: commitment, teamwork, responsibility, resilience, good sportsmanship, and healthy competition. We advance these values by learning from our victories, our losses, our challenges of practice and our efforts to find balance between our athletic, academic and personal lives.

Your growth as a human is our major priority at JIRS - and that

includes your body, mind, and spirit. We do place a strong emphasis on physical fitness, and encourage you to develop an exercise routine that strengthens your body and nurtures your soul. You are encouraged to choose from an extensive range of games including Athletics, Basketball, Badminton, Cricket, Table Tennis, Tennis, Football, Volleyball, Hockey, Cue Sports, Squash, Swimming, Chess, Carrom, Equestrian, Karate, and Bowling. The program caters to highly experienced athletes, as well as to novice players.

Sports Discipline

Jain International Residential School offers the following sports for the aspiring sports enthusiasts.

Outdoor Sports - Athletics, Basketball, Cricket, Tennis, Football, Volleyball, Hockey, Equestrian, Swimming, and Throw ball

Indoor Sports - Badminton, Table Tennis, Snookers & Billiards, Squash, 10-pin Bowling, Yoga, Chess, Carrom, Martial Arts, Gym

- Professional Sports training is imparted under the guidance of qualified and experienced national & international level coaches
- Video analysis (using silicon coach software platform), match analysis software, especially in cricket and tennis
- You are exposed to various activities along with regular game and have a plethora of activities for recreation
- Interaction is arranged with world-class achievers from time to time so that you benefit from the experience and guidance of these sportspersons
- Constant and continuous monitoring of your progress is shared with parents through detailed reports and online messages including live scores from matches in some cases
- Physical fitness is given utmost importance and qualified fitness experts are in charge of the gymnasium and cardio-fitness center

JIRS provides world-class infrastructure for sports at its sprawling campus. With an amalgamation of more than 30 playing areas for almost all major indoor and outdoor games, the school gives sports a dominant appearance.

Indoor Stadium 'SPRINTOOR'

JIRS has a 25 crore multipurpose indoor stadium 'SPRINTOOR' with a seating capacity of 2,000 people. This sporting complex with wooden flooring has 4 badminton courts, volleyball courts, basketball courts, 2 squash courts, table tennis hall, 4 lane bowling alley, billiards, yoga, media room, VIP rooms and dormitories.

Table Tennis & Badminton hall

JIRS has an exclusive Table Tennis and Badminton hall with 16 tables and 4 badminton courts with wooden flooring.

Aquatic Complex

JIRS provides top class training venue 'AQUA' for swimmers to realize their potential to the fullest. The 'AQUA', state-of-the-art aquatic complex comprises of a 25 mt, 8 lane short course swimming pool, a 50 mt, 10 lane competition pool with water-polo facilities and a separate diving pool with standard fixed and spring diving boards, enabling it to host any international swimming competition including water polo, diving and synchronized swimming.

Cricket Field

The 2 lakh sq.ft lush green 'OVAL' is a well-designed international standard cricket ground with 5 strips of turf wicket in the centre, fit enough to host any International or National cricket tournament. The

ground has played host to a number of important matches that include NCA tournament, MRF tournament, U-19 Ghulam Ahmed Trophy & Asia Cup U-17.

Tennis Courts

Excellent Tennis Court facilities that include 6 plexi-cushion courts available to all tennis aspirants. Eminent coaches and trainers are called upon to train our students.

Basketball and Volleyball

Throughout the world, basketball and volleyball are two hugely popular games. To encourage your interests in these games, JIRS has built to perfection, seven volleyball & seven basketball courts with exclusive lighting facilities.

Athletic Arena

JIRS has training facility for the hugely popular athletic games.

Hockey

JIRS has natural turf hockey and football grounds which are extensively used for training and competing by the enthusiasts.

Multi-Gym

The Multi-Gym at JIRS has some of the best & the latest equipments for maintaining the right body kinaesthetic.

Golf Course

The 6 hole golf course is one of the first and exclusive for any educational institution in the country. Students pride their time in this truly serene landscaped setting, training under professional coaches.

Equestrian (Horse Riding)

14 erstwhile racehorses from the Bangalore Turf Club are available at JIRS with two experienced and professional coaches.

Get Involved

Start a Hobby

Apart from the positive mindset created by the academic curriculum and sports, an added boost is provided through fun-filled hobby classes. At JIRS, you are encouraged to pursue and develop your talent, may it be in Classical Dance, Vocal Music, Tabla, Sitar, Painting, Drawing, Sculpting, Clay Modeling, Wire Frame Models, Western and Indian Percussion, Robotics, Electronics, Fireless Cooking, etc.

Clubs and Activities

In addition to our academic programs, we offer an extensive array of extra-curricular activities with an assortment of clubs like Science Club, Hobby Club, Eco-Club, Olympiad Competition Club, Interact Club, ASHA Club, Literary Club, Journalism Club, Entrepreneurship Club, Rotary Interact Club and Model United Nations.

Join National Cadet Corps

In living up to its motto, the NCC strives to be and is one of the greatest cohesive forces of the nation, bringing together the youth hailing from different parts of the country and molding them into united, secular and disciplined citizens of the nation. JIRS has 11 division cadets, and 4 junior wing cadets. They are imparted training in range firing and micro lite flying. Regular activities like parade, health run, lecture classes, campus tidiness, weapon training classes, games and cultural activities are conducted as part of the program.

Take a Journey within

Aarti, bhajan, meditation and an overall influence of Indian spirituality provide the much needed food for the soul. Human values, strength of character and virtuous conduct are assimilated by students, just as a sapling would soak up warm sunlight.

Develop Community Spirit

The rapid dynamics of the world places every changing demand on the mind of a growing child. We need to empower them by imparting basic skills on healthy living and thinking, to find their own way of comprehending and dealing with the world around. At JIRS, Develop Community Spirit Community Outreach Program is an off-campus program conducted for you to help understand the local community and provide a learning experience that engages and reflects your ideas.

Think Green

JIRS offers many exciting activities to encourage and develop a spirit of adventure. The activities are carefully devised to discover the powers of determination and sensitize you to appreciate the beauty and power of nature. The wilderness provides great opportunities to learn basic skills like communication, leadership, crisis management and team building in a conducive and challenging environment. 'Nature is the Best Teacher' - on a nature trail, you can observe many forms of life, flora and fauna and

learn a lot more by sheer observation. A flight of ducks can teach 'Synergy', an autumn tree can teach 'perseverance', flowing water can teach 'Transparency', ants can teach 'Team Work' and a weaverbird can teach 'Precision'. Your participation in the one earth foundation camps in Nilgiris provides an opportunity to participate in activities with tribal people etc.

Boost your Science Skills

JIRS provides year-round opportunities for students to explore science with the science club. Every month, members participate in an activity, project or volunteer for an activity related to science. At the end of each year, a science exhibition is held where students exhibit their imagination at their best.

Day Outs

Excursion and field trips to place of historical importance, cultural richness and religious significance are organized every year. Materials collected during these trips are shared with others in the form of presentations.

Events and Celebrations

The rich and vibrant festivals of India are a testimony to our diverse tradition and culture. Our festivals revolve around tradition, cultures, seasonal changes, relationships, and much more. At JIRS, festivals are celebrated irrespective of religion or caste, bringing people closer and creating a strong bond of humanity.

Some of the festivals, and national days celebrated at JIRS include: Raksha Bandhan, Independence Day, Ganesh Chaturthi, Onam, Krishna Janmashtami, Mahaveer Jayanti, Ramzan, Teacher's Day, Children's Day, Christmas, New Year, Pongal

“

For our students, passion means a

CREATIVE PURSUIT

Pastoral Care

Settle into a New Home

More than 700 students from all around the world call JIRS – A home away from home. It is a place where you will make lifelong friends. The community is welcoming with a calendar full of social, sporting and cultural activities, while 24/7 academic and well-being support is right outside your door.

Weekly boarding option

Many parents residing in Bangalore, especially from the working community and IT sector consider weekly boarding option where they opt to take their child home on weekends to spend time together. This is purely optional and not compulsory. There is no change in fees structure as you are merely opting to go home on the weekend, instead of staying in the school.

In view of the above, you will be permitted to be enrolled as weekly boarder and can opt to go home on Saturdays after classes. Either your parents can arrange the pick up or school will have a group pick up and drop at the requested pick up points enroute from JIRS.

Personal Amount and Tuck Shop

The school does not collect any refundable or nonrefundable deposit amounts. In absence of this, your parents can deposit INR 30,000 - 40,000 towards your personal account. Out of the total amount, Rs 15,000/- will be deposited towards the school cafeteria – “Munchies” account, and the balance will be in personal account. Once a week, you will be taken dorm wise to the school cafeteria, where you can order and buy snacks, starters, and some limited quantity of chocolates, fruit juices and toiletries. You will be allowed a limit of Rs 200/week to spend. Money is not given in hand but the bill amount is deducted from your account. A tally sheet statement is given to your parents on request whenever they demand.

Accommodation

JIRS has 3 absolutely new boarding blocks, replacing the 18-year-old buildings. These are all of deluxe standards and parents visiting the school have remarked that they are among the best ones in the country after visiting many schools. Suvidhi is the new block for girls. It has a capacity of about 250 beds. The 4 level building having about 20 rooms in each level accommodates 3 students. All the rooms are air-conditioned and have 2 rest rooms. The rooms are very spacious and have overlooking balconies. Each student has her study area with study table, book shelf and a wardrobe.

The girl's dorm also has a recreation area with a TV rooms, parents lounge and an attached dining hall. Each floor has 2 house parents accommodation, where the matrons reside and take care of the children 24x7 from wake up to bed time. The girls boarding is safely guarded by ladies security guard inside the dorm and a male security guard outside the dorm. Utmost importance is given to the safety and privacy of the girls staying in the hostel. CCTV cameras are placed for surveillance of trespassers and monitoring movement in the boardings for adequate safety.

About 300-400 meters away from the girls' boarding, Boys' boardings Chalukya and Hoysala, named after the great dynasties which ruled India in historical times are situated. Both the buildings have lush green landscaping, gardens and sit out porticos. There are parents lounges, pantry and recreation areas with indoor games like table tennis, carrom board, chess, etc. Each block has 2 TV rooms with leisure seating arrangements for students to relax or read books in their free time.

Chalukya has 4 blocks, each having 4 levels, with 8 rooms in each level. Like the girls dorm, these also have 3 students sharing one room, and rest of the facilities being same. In Chalukya boys of grade 4 to 10 are housed. The students are segregated according to the grades and curriculum and rooms are allotted as per their compatibility and friendship.

Hoysala is the adjacent building, which is identical to the Chalukya. This houses the boys of grade 11 and 12. The hostel accommodation is similar to the Chalukya dorm.

Wardens / Matrons - A connection to Home

Age-appropriate care embraces traditional family values, and wardens provide round-the-clock guidance and support at JIRS. They serve as a dedicated contact for your parents or guardians, helping you keep them up-to-date on your progress. Living apart from your parents, your home, and the pals you grew up with isn't always easy-whether you need guidance, a quick chat, or just a friendly ear, you will have the peace of mind of knowing someone will always be there. They also encourage socialization on the hall by offering casual get-togethers and informal hall meetings.

Role of a Parent

The education of a child does not rest solely inside the walls of a classroom, nor is it limited within the confines of a school building or its campus. Rather, it goes beyond that-back to the child's home and to wherever the child is at in the company of parents or delegated adults. Thus, the relationship between parents and teachers are crucial to the effective education of the child. Not only parents and teachers, but also other staff members, supervisors, and administrators must work collaboratively in order to be effective in this enterprise.

We encourage our parents to continuously monitor the progress of their child by making appointments with the concerned head via telephone or e-mail. This gives the parents the chance to ask the mentors questions and clarify any issues regarding their child's school work, testing results, behavior, and work with them to find ways and to set goals and expectations in order to improve their academic performance. Parents can also meet with the dorm parents for an evaluation of their child's attitudes and behaviors in dorms and throughout campus, as well as their participation in the school's programs. JIRS has opted for a new instant school-parent communication mobile app UOLO through which parent's will have instant news about school's activities.

JASE

- Message from COO
- Specialized JASE Programs
- JASE Achievements
- Esteemed Panel of Coaches

Message from COO

Jain Academy for Sporting Excellence (JASE) is an integral part of JIRS. At JASE, we firmly believe strong basics can make or break a player. Hence, we focus on laying the best foundation for students who want to excel in sporting arena.

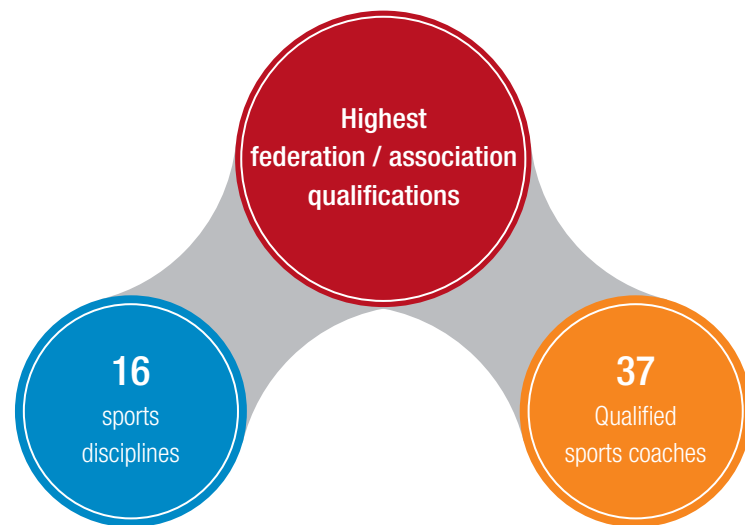

The commitment and technical knowledge of our coaches all of whom are highly qualified and experienced in their respective field, makes us unique and the ideal nurturing platform for a budding sportsman. And all this is allied with the state-of-the-art-infrastructure facilities in a top of the line boarding school where your education and all-round development is duly taken care of.

We believe that good coaching is all about empowering you to be able to think for yourself, and develop an ability to work out your own solutions to sporting challenges, based on the knowledge that you have imbibed from your coaches, your own playing experience in different conditions and situations.

...And at JASE, we are creating a difference by making them their own best coaches!

Wg. Cdr. Arijit Ghosh (Retd.)

COO, JASE

Specialized JASE Programs

JASE will provide consultancy in Cricket, Football, Hockey, Tennis Basketball, Volleyball, Badminton, Table Tennis, Athletics, Swimming, Squash, Billiards and Golf. This includes:

- A structured sports education curriculum for each sport
- Daily session plans for practice / coaching sessions with regular evaluation by highly qualified coaches
- Use of Technology: Video Analysis (Using Silicon Coach Software Platform), Match Analysis software specially in cricket and tennis, Use of Bowling / Ball Machines in select games, Match simulation and use of match analysis software for select games
- Regular Tournaments, Practice Matches and Overseas Tours for match exposure under different playing conditions to facilitate player development
- Detailed, individual player assessment reports on a half-yearly basis
- Ongoing, documented, in-house coach's training / evaluation programs
- Regular inbound & outbound sports exchanges with foreign teams in select games
- Conduct of elite tournaments at the school in select games
- Opportunities to interact with sports celebrities at the school
- Opportunities to watch own performance videos and those of great players / matches on a regular basis
- Opportunities to watch international matches at the venue, wherever feasible

JASE Cup

Besides organising the Sports Day as a Mega Event, Jain Academy for Sporting Excellence hosts the JASE cup every year which is an inter school tournament. Every year over 600+ students from 30-40 schools participate in the 4 day event from all over Bangalore in 18 sports activities including athletics events. JASE Cup is planned usually in September when students of JIRS and other schools are able to participate in the tournament. It is a matter of pride that JIRS has retained the JASE cup by winning all the tournaments held so far with huge margins.

JASE Achievements

- Mr. Parth Shah - Pursuing Ph.D. in Systems Engineering & Engineering Management, George Washington University
- Mr. Adviti Nayak - Ph.D. Scholar in Diabetology

Alumni Speak

This is what you will experience

When I started off at JIRS, I seemed destined to be an average student. Little did I know that coming to JIRS would be a turning point in my life. My grades kept growing here. Four years in JIRS helped me to get into an American University for my Undergraduation program with a scholarship offer of USD \$9000 per annum. The JIRS method of teaching is one of the most promising models yet developed. It helps students like me progress and achieve what we could not even think of. Wherever I go, I proudly articulate that I was a student of 'JIRS'.

Parth D Shah

Pursuing Ph.D. in Systems Engineering & Engineering Management, George Washington University

I have always been taught to think ahead of time at JIRS and today I have taken up a project on wind energy which will be the next big thing in India. I thank JIRS for bringing me up to such great heights and getting me where I am today.

Shrenik Ghodawat

CEO, Ghodawat Energy Private Limited

JIRS was definitely instrumental in shaping my career and it was a place that gave me time and experience that I could not have acquired anywhere else. After School, I enrolled for the Bachelor of Science program in Electrical Engineering from Illinois Institute of Technology that has now taken me places. I even became one of the top performers in the Midwest Cricket Conference.

Satyam Kaneria

Software Engineer, Rursion LLC, USA

JIRS was a life changing experience for me. The amount of maturity I have exhibited since I graduated from JIRS, was beyond any expectation of my family or friends. Today, I am a BBM graduate from Singapore, an employee of Chartered Bank and a student member of the Associate of Chartered Certified Accountants (ACCA). I am also going to start my Masters' program in Financial Management in the 5th best University in UK, Durham University. Every day I spent at JIRS has taught me about life, career and relationships.

Anjali Mirpuri

Student, Durham University, UK

After three years of intensive coaching in Tennis at JIRS, today, I represent the Georgia State in USA for National Tennis & have been ranked no. 1. I have also secured a 100% sports scholarship in USA for the BBA Program.

Mishal Javia

Ace Tennis Player

My teachers at JIRS always encouraged to work towards my dream of flying around at 35000 ft in Boeing 737 – 800 NG. My education at JIRS helped me become academically smart as well as being completely independent. I thank JIRS for helping me realize my dream.

Paras Choksi

First Officer at Qatar Airways

Natasha Assadi

Runner-up at Ms. Diva India
Yamaha Fiasco

Abhishek Jha

Professional International Golfer

Parth D Shah

Pursuing Ph.D. in
Systems Engineering
& Engineering Management
George Washington University

Visitors Speak

A quick look at our visitors' diary

“

“An institution clearly dedicated to the timeless idea of a liberal education - very impressive!”

Prof. George Sansbuny

LaTrobe University, Melbourne, Australia

“

“An integral part of the JIRS philosophy is the development of the whole person and an intention to nurture in every student a love for learning, a strong sense of self-esteem, personal integrity and a respectful, caring attitude towards others. Jain International Residential School – a kind of oasis out in the countryside summaries of an impressive and astounding number of facilities for students to play sports and to learn. The staff at JIRS is very receptive to the importance of teaching social and emotional skills to children.”

Ms. Yvette Vignando

Emotional Intelligence Expert, Australia

“

“An institute par excellence with a vision for the future.”

Dr. Subhash Arora

NABET Assessor

“

“With such an amazing student culture & opportunity, JIRS is sure to bring an Olympic medal to our country.”

Ms. Pramila Aiyappa

International Athlete

Admission Process

JIRS admissions are based on merit and are on a first-come, first-serve basis due to limited seats and hostel availability. Since JIRS has been ranked among the best schools in India and the top residential co-ed school for sports, pastoral care and safety etc., applicants to JIRS have increased considerably making it more competitive.
